President's Message

With a true sense of joy, fulfilment, gratitude and satisfaction, I take this opportunity to present the Annual Report of the Sri Lanka Medical Association (SLMA) for the year 2022.

It was indeed a privilege and an honour to be the 128th President of the SLMA. In concluding the tenure of office in late December 2022, my message to the annual report 2022, reflects, recalls, and reviews the SLMA's annual journey. I, together with our Council of 2022 took on the duty of maintaining the high standards expected of the SLMA, the oldest national medical association in Australasia and an institution which has indeed succeeded in uniting all sectors of the medical and allied health professions of the country through its membership encompassing all grades of doctors in Sri Lanka and even the medical students. Known and recognized nationally and globally as the premier medical association in Sri Lanka, the SLMA had the necessary strength to withstand all obstacles and challenges. It steadfastly attempted to address, mitigate, prevent, and even control the impacts of the crisis affecting the country during this year.

I and the Council of the SLMA, started our tenure of office in the aftermath of the COVID-19 pandemic, with the effects of its devastating mortality and morbidity still in the air. The Annual General Meeting on December 22, 2021, and the Presidential Induction Ceremony on January 16, 2022, were held with all the required and necessary safety measures, including social distancing, wearing of masks, hand sanitization and a limited number of participants to prevent and control the spread of the disease.

Then came the economic crisis, with its devastating effects on the health sector, the social disturbances with the breakdown of communal harmony, fuel shortage with long queues together with its associated travel restrictions, food shortages and their inevitable consequences and electricity shortages.

It was quite challenging with disagreements, even within our profession and the SLMA, on issues directly and indirectly affecting the SLMA, health sector and health care. The emotions were high; the reactions were unfathomable, and these affected every stratum of society, with a huge public outcry. An open discussion, based on facts and figures, national needs, and particularly the changing needs and expectations of our society, could not be addressed on a professional platform. I can state here without any hesitation that the wide mix of our own Council and members of SLMA Expert Committees, had diverse opinions for the reasons and for the solutions to the crisis affecting our Motherland. Numerous meetings, discussions, letters, inquiries, agreements, and disagreements were common. Respect to the views of the majority, considering Past Presidents' advice, and good will of the majority, brought some degree of sanity to the SLMA.

On a somewhat brighter note, let me take you on the journey of the SLMA during the past year.

I and the SLMA Council for 2022, took office on December 22, 2021, at the AGM with the theme, "Planetary health and global health security". This particular notion was chosen to reflect, remind and address the threats to humans on the planet earth. Even though not the first calamity in human history, COVID-19 left its legacy and consequences on human health. Therefore, that specific theme was selected as it was thought to be opportune for the situation.

Our tenure of office started on January 3rd with a religious ceremony at the SLMA, with the participation of clergy from all religions practised in Sri Lanka. This was followed during the ensuing year with seven orations, nine monthly clinical meetings and two regional clinical meetings, ten media briefings, fifteen seminars, lectures, and symposia. The 'Saturday Talk' was held every Saturday, from January 8th to December 17, 2022, without a break. SLMA published six media statements, addressed directly to policy makers on protecting the health of the citizens of Sri Lanka.

The SLMA established the 'SLMA Relief fund', to address the shortages of medicines and equipment in the health sector with a US Dollar account, the first of this nature ever.

The 135th Anniversary International Medical Congress 2022, the first with physical participation, after two years, was held from September 28th to October 1st at the BMICH. The congress was inaugurated on September 28, 2022, followed by the SLMA oration. The much-awaited Doctor's Concert was held in-person after a lapse of two years on the evening of October 1st at the BMICH. The congress consisted of six Scientific Orations, five Plenary Lectures, fourteen Symposia, and Panel Discussions. The Keynote Address discussed the theme of the congress, 'Planetary Health and Global Health Security'. The Chief Guest Dr. Alaka Singh, Country Representative of the World Health Organization, and the Guest of Honour Dr. Asela Gunawardena, Director General of Health Services of the Ministry of Health in Sri Lanka added strength and glamour to the congress. Over one hundred free papers were showcased as oral and poster presentations, discussing new and innovative research findings. The Academic Committee and the office staff of the SLMA worked tirelessly to make this event such a tremendous success. The Executive Committee and the Members of the Council supported that initiative unconditionally. The Past Presidents guided the Council in an able manner. The dedication, commitment and resourcefulness of the Congress Co-Chairs, Senior Professor Anuja Abayadeera and Dr. Surantha Perera, the masterminds behind this entire congress, is warmly remembered. Senior Professor Ishan De Zoysa, who was there always, advising and motivating, need to be mentioned with gratitude. It is indeed a privilege to offer a very special 'thank you' to Dr Harini Fernando, Dr Sumitra Tissera for their invaluable efforts and to Dr B. J. C. Perera for his continuous editorial support.

The Foundation Sessions of the SLMA was held in November 2022 with the participation of the immediate Past President of the SLMA, Dr Padma Gunaratne as the Chief Guest. The E. M. Wijerama Endowment Oration and the Sir Marcus Fernando Oration were followed by a full day of lectures on important health issues.

The Medical Dance 2022 was a resounding and memorable event. Held after two years, our ability to bring the long-standing tradition of the Medical Dance to fruition so well, was remarkable. This was a huge team effort that was enjoyable and quite exceptional. It was held on December 16, 2022, at the Cinnamon Grand in Colombo, fully attended and continued till 1.00 am, the next day. The attendees could not stop dancing, and the organisers had to force the dancers to stop dancing to conclude the event. A special thank you to Dr Pramilla Senanayake, for your support, interest, energy, and strength. Special thank you also goes to the Dance Committee.

The Law-Medical cricket match followed the dance at Colts on December 18th, 2022. Most unfortunately, we lost it by the narrowest of margins.

The SLMA was able to renovate and repair parts of the building and renewed the contracts with the colleges renting rooms in the SLMA. This made us generate much-needed additional income.

The multitude of achievements, and the potential to do more by the SLMA, would not have been possible without the Honorary Secretary, Professor Ishan De Zoysa. I am grateful to him for his strength and support, especially in times of turbulence, which were many during this year. The two Vice Presidents, Professor Anuja Abhayadeera and Dr Surantha Perera, always gave strong leadership and bore the entire responsibility of leading the two important annual events, the 135th Anniversary International Medical Congress and the Foundation Sessions. Professor Hasini Benneheke, the Honorary Treasurer, was a tower of strength to the SLMA and supported, advised, and monitored the strengthening of the procurement processes, accountability, and good governance. Professor Kumara Mendis and Dr Sumithra Tissera steered the monthly newsletter to perfection and raised the bar more than ever; a truly remarkable achievement. I thank the highly capable and committed editorial team, who were responsible for twelve marvellous newsletters. Thank you, Dr Anuruddhika Ratnayake, for helping with the council minutes and Dr Kaushi Attanayakege for help whenever requested and required.

Our indefatigable Public Relations Officer, Dr Preethi Wijegunawardena was a tower of strength during the year. The professional leadership of the two Social Secretaries, Drs Pramilla Senanayake and Christo Fernando, was a pleasure to experience. A very special word of gratitude to Dr B. J. C. Perera for all his help. Indeed, hardly any document left the SLMA without it being subjected first to a process of editing on his computer.

Dr Vinya Ariyaratne, President-elect was a tower of strength throughout the year. I am most grateful to the Board of Trustees and all Past Presidents for their ready support and advice. Every member of the Council participated actively. A very special mention of the perpetual support of SLMA staff members, so well institutionalized and committed, is presented here with gratitude. I thank every member of SLMA and particularly the active readership of our newsletter, for your support and valuable feedback.

Just a reminder, I, and the Council of the SLMA lost valuable time due to various problems and issues facing the country during our tenure. Our achievements would have been even greater and more substantial if only we had the usual complement of a full year, uninterrupted by many an unavoidable occurrence over which we had very little control.

I conclude with the very best of my compliments and heartfelt wishes to all for the Christmas Season and the New Year 2023.

Professor Samath D. Dharmaratne
President,
Sri Lanka Medical Association

21st December 2022

Council of the Sri Lanka Medical Association 2022

Seated Left – Right: Prof B M H A Banneheke (Honorary Treasurer), Dr Christo Fernando (Social Secretary), Dr Pramilla Senanayake (Social Secretary), Dr B J C Perera, Dr Surantha Perera (Vice President), Dr Padma Gunaratne (Immediate Past President), Prof Samath D Dharmaratne (President, SLMA), Dr Vinya Ariyaratne (President Elect), Prof Anuja Abaydeera (Vice President), Prof Indika Karunathilake, Dr Lucian Jayasuriya, Dr Anula Wijesundere, Prof Ishan De Zoysa (Honorary Secretary)

Standing Left – Right – (Second row): Prof Jennifer Perera, Dr U C P Perera (Honorary Assistant Secretary), Dr Mahen Kothalawala, Dr Manilka Sumanatilleke, Prof Kumara Mendis (Honorary Assistant Secretary), Prof R W T W A M Olupeliyawa, Dr Preethi Wijegoonewardene (Public Relations Officer), Dr E A Sajith T Edirisinghe (Honorary Assistant Treasurer), Prof Gitanjali Sathiadas

Absent – Dr Harini Fernando, Dr Lakshman Ranasinghe, Prof A Pathmeswaran (Co-Editor, Ceylon Medical Journal), Prof Senaka Rajapakse, Dr Sunil de Alwis, Prof Saroj Jayasinghe, Dr Kalyani Guruge, Dr Renuka Jayatissa, Dr Ruvaiz Haniffa, Dr Asitha Kosala Thannippuli Arachchi, Dr Nilanka Wickramasinghe

1. ANNUAL GENERAL MEETING 2021

The Annual General Meeting of the Sri Lanka Medical Association (SLMA) was held on the 22nd December 2021 at 7.00 p.m. at the Lionel Memorial Auditorium, Wijerama House, Colombo 07. Dr. Padma Gunaratne chaired the meeting. She thanked the members of the Council, members of the SLMA and the staff of the SLMA office for their contributions towards making the activities of the SLMA a success. She summarised the achievements and shortcomings during her period of presidency. The Honorary Secretary Dr. Sumithra Tissera tabled the Annual Report 2021 and the minutes of the previous Annual General Meeting held on 21st December 2020. The minutes were unanimously confirmed by the membership present. Dr. Sumithra Tissera thanked the president, the members of the council, members of the SLMA and the staff of the SLMA office for the support given during the year 2022.

ELECTION OF OFFICE BEARERS

The following Office Bearers and Council Members were unanimously elected.

President	Professor Samath D. Dharmaratne
President Elect	Dr. Vinya Ariyaratne
Vice Presidents	Professor Anuja Abayadeera Dr. Surantha Perera
Secretary	Professor Ishan De Zoysa
Assistant Secretaries	Dr. Kaushi Attanayakage Professor Kumara Mendis Professor U. C. P. Perera Dr. S.B.A.S.M. Rathnayake
Treasurer	Professor B.M.H.A. Banneheke
Assistant Treasurer	Dr. E.A. Sajith T. Edirisinghe
Public Relations Officer	Dr. Preethi Wijegoonewardene
Social Secretaries	Dr. Christo Fernando Dr. Pramilla Senanayake
Past President Representative	Dr. Lakshman Ranasinghe
Co-editors, Ceylon Medical Journal	Professor A. Pathmeswaran (resign October 2022) Professor Senaka Rajapakse Professor Athula Sumathipala (November 2022 – to date)

ELECTED COUNCIL MEMBERS

Dr. Sarath Gamini De Silva, Dr. Sunil de Alwis, Dr. Harini Fernando, Dr. Kalyani Guruge, Prof. C.S.E. Goonawardane, Dr. Ruvaiz Haniffa, Dr. Riska Ihsan, Dr. Kapila Jayaratne, Prof. Saroj Jayasinghe, Dr. Lucian Jayasuriya, Dr. Renuka Jayatissa, Prof. Athula Kaluarachchi, Prof. Indika Karunathilake, Dr. Mahen Kothalawala, Dr. V. Murali, Dr. N. G. G. D. Pramitha Mahanama, Dr. B.J.C. Perera, Prof. Jennifer Perera, Dr O. R. Jagath C. Ranasinghe, Dr. G.U. Ramadasa, Dr. M. S. Rubasinghe, Dr S. D. Lilanthi Subasinghe, Prof. Gitanjali Sathiadas, Dr Manilka Sumanathilake, Dr. Asitha Kosala Thannippuli Arachchi, Dr. Anula Wijesundere, Dr. Nilanka Wickramasinghe, Dr. Thilina Wanigasekera

EX-OFFICIO COUNCIL MEMBERS

Dr. Padma Gunaratne (Immediate Past President), Dr. Sumithra Tissera (Out – going Secretary), Prof. Asela Olupeliyawa (Out – going Treasurer)

2. INDUCTION OF THE PRESIDENT

The induction ceremony of Prof. Samath D. Dharmaratne, the President of Sri Lanka Medical Association for the year 2022 was held on 16th January 2022, at Cinnamon Grand, Colombo. The induction took place amidst a large and distinguished gathering exceeding 150 invitees.

His presidential address was given wide publicity by both the electronic and print media.

The ceremonial induction was followed by a reception and fellowship for all invitees.

5. DESHABANDU DR. C. G. URAGODA ORATION ON THE HISTORY OF MEDICINE 2022

Deshabandu Dr. C. G. Urugoda Oration on the History of Medicine – 2022 which had been awarded to Dr. Jayantha P. Jayasuriya FRCA Past President, College of Anaesthesiologists & Intensivists of Sri Lanka in 2022 was delivered this year at the Lionel Memorial Auditorium on the 26th February 2022. The title of the lecture was “The Evolution of Anaesthesiology in Sri Lanka”. It was followed by fellowship and refreshments.

Awarding the medal to the Deshabandu Dr C. G. Urugoda Orator Dr Jayantha P. Jayasuriya

Dr Jayantha P. Jayasuriya delivering the Deshabandu Dr C. G. Urugoda Orator

6. ORATIONS

All orations of SLMA were selected by open advertisement. The E. M. Wijerama Endowment Oration is usually awarded to a person who has contributed much to the SLMA and the topic of the oration is decided by the orator. The decisions regarding the E. M. Wijerama Endowment Oration and the Desmond Fernando Memorial Lecture are made by the honours committee. The following orations were delivered in 2022.

THE SLMA ORATION

Wednesday 24th July 2020 at the BMICH, Colombo

“Deciphering acute kidney injury in Sri Lankan viper bites: Is thrombotic microangiopathy the key?”

Professor Eranga S. Wijewickrama

MBBS, MD, PhD, MRCP (UK), MRCP (UK) Nephrology, FRCP(UK), FCCP, FASN (USA)

Professor in Clinical Medicine, Faculty of Medicine, University of Colombo

Honorary Consultant Nephrologist, National Hospital of Sri Lanka and National Institute of Nephrology, Dialysis and Transplantation, Colombo

S C PAUL ORATION

Thursday 29th September 2022 at the BMICH, Colombo

“Using high throughput sequencing technologies to study genetic causes of ultra-rare neurological diseases!”

Dr. W. L. Dulika S. Sumathipala

MBBS (Col), MSc (Clinical Genetics), PhD (Norway)

Lecturer, Department of Anatomy, Genetics and Biomedical Informatics,
Faculty of Medicine, University of Colombo

PROFESSOR N. D. W. LIONEL MEMORIAL ORATION

Friday 30th September 2022 at the BMICH, Colombo

“Foetal haemoglobin induction as a treatment for thalassaemia: evidence from bench and bedside”

Professor Sachith Mettananda

MBBS, DCH, MD(Paed), DPhil (Oxon), FRCP, FRCPE, FRCPCH
Professor of Paediatrics and Head, University of Kelaniya
Consultant Paediatrician - Colombo North Teaching Hospital, Ragama

DR. S. RAMACHANDRAN MEMORIAL ORATION

Saturday 01st October 2022 at the BMICH, Colombo

“Cardiovascular risk prediction of Sri Lankans”

Professor Chamila Mettananda

MBBS, MD, MRCP, PhD, FRCP, FRCPE, FACP, FCCP

Consultant Physician and Professor, Faculty of Medicine, University of Kelaniya

MURUGESAR SINNETAMBY ORATION

NOT AWARDED

SIR NICHOLAS ATTYGALLE ORATION

NOT AWARDED

E M WIJERAMA ENDOWMENT ORATION 2022

Friday 11th November 2022 at the NDW Lionel Memorial Auditorium of the SLMA

“The quarter-of-a-century-long trek: A tryst with destiny”

Dr. B. J. C. Perera

MBBS(Cey), DCH(Cey), DCH(Eng), MD(Paed), MRCP(UK), FRCP(Edin), FRCP(Lond), FRCPC(UK),
FSLCPaed, FCCP, Honorary FRCPC(UK), Honorary FCGP(SL) Specialist Consultant Paediatrician
and

Honorary Senior Fellow, Postgraduate Institute of Medicine, University of Colombo, Sri Lanka

Past-President, SLMA

SIR MARCUS FERNANDO ORATION

Saturday 12th November 2022 at the NDW Lionel Memorial Auditorium of the SLMA

“A study of the genetic aetiology of rare inherited conditions in the Sri Lankan population”

Dr Dineshani Hettiarachchi

MBBS(Manipal), MSc (Colombo), MCGP(Colombo), SEDA UK

Senior Lecturer, Department of Anatomy Genetics and Biomedical Informatics

Faculty of Medicine, University of Colombo

Awarding the medal to the SLMA Orator Professor Eranga Wijewickrama

Dr. W. L. Dulika S. Sumathipala delivering the S C Paul Oration

Prof. Sachith Mettananda delivering the N.D.W. Lionel Memorial Oration

Prof. Chamila Mettananda delivering the S. Ramachandran Oration 2022

Dr B J C Perera delivering the Dr E M Wijerama Endowment Oration 2022

Dr Dineshani Hettiarachchi delivering the Sir Marcus Fernando Oration 2022

7. SLMA AWARDS

E M Wijerama Award - for the best paper

Association of pathological prognostic factors with tumour budding in invasive breast carcinoma, no special type

Vinothika S., Wijesinghe HD, Lokuhetty MDS, Constantine SR

S. E. Seneviratna Award - for the best paper

Cannabis promotion via Facebook in Sri Lanka: A content analysis

Senarath GUC, Sandaraje JDSAM, Sandaruwan KADH, Selvaratnam U, Senanayake SMAH, Perera KMN

H. K. T. Fernando Award - for the best paper

Association of long-term meditation with telomere dynamics, selected psychological variables and quality of life in healthy adults: A case control study

Dasanayaka HMNN, Sirisena ND, Samaranayake N

Sir Nicholas Attygalle Award - for the best paper

Validation of whole blood clotting test (WBCT) to detect venom-induced consumption coagulopathy (VICC) in snake envenoming

Wedasingha S., Silva A, Siribaddana S, Seneviratne K, Isbister GK

Wilson Peiris Award - for the best paper

Outcome after curative resection for colorectal cancer liver metastasis in Sri Lanka

Fernando KIC, Harryprashath M, Tillakaratne S, Cooray S, Gunatilleke B, Siriwardana R

Professor Daphne Attygalle Award - for the best paper in Cancer

Association of pathological prognostic factors with tumour budding in invasive breast carcinoma, no special type

Vinothika S, Wijesinghe HD, Lokuhetty MDS, Constantine SR

Sir Frank Gunasekera Award - for the best paper in Community Medicine / Tuberculosis

Perceptions and concerns over sharing sexual and reproductive health information with their daughters; A qualitative study among mothers of adolescent girls aged 14-19 years in Sinhala families residing in Kalutara district

Mataaraarachchi D, Vithana PVSC

Professor Kumaradasa Rajasuriya Award - for the best paper in Tropical Medicine

Validation of whole blood clotting test (WBCT) to detect venom-induced consumption coagulopathy (VICC) in snake envenoming

Wedasingha S, Silva A, Siribaddana S, Seneviratne K, Isbister GK

Special Prize in Cardiology - for the best paper in Cardiology

Recalibration of Framingham coronary heart disease risk score for a selected Sri Lankan population and its association with carotid artery intima media thickness (CIMT)

Abeyasuriya V, Wijesinha NAI, Priyadarshan PP, Chandrasena LG, Wickremasinghe AR

Dr. S. Ramachandran Award - for the best Scientific Communication in Nephrology

Chronic kidney disease following hump-nosed pit viper (genus: *hypnale*) bites

Rathnayaka RMMKN, Ranathunga PEAN, Kularatne SAM

The Sri Lanka Association of Clinical Pharmacology and Therapeutics award for the Best presentation in Pharmacology

Antimicrobial activities of different parenteral antibiotic products: A comparative in-vitro study

Chathuranga BAG, Dissanayake T, Fernando N, Wanigatunge CA

SLMA prize for the best poster

Frequency of germline variants of uncertain significance and clinicopathological features in Sri Lankan patients with hereditary breast cancer

Gunawardena KW, Sirisena ND, Anandagoda G, Neththikumara N, Dissanayake VHW

SLMA Research Grant 2021

Strengthening Near-Miss Reporting System at Curative Health care Institutions in Sri Lanka Dr. Dr M P Jayalath

CNAPT Award

Not awarded

G R Handy Award for the best paper in Cardiology published in the year 2020

Not awarded

Not awarded

Professor Wilfred S E Perera Travel Award in Bioethics 2020

Not awarded

Dr. Thistle Jayawardena Research Grant for Intensive Care 2020

Not awarded

8. MONTHLY CLINICAL MEETINGS

The SLMA held a total of 9 monthly clinical meetings this year in collaboration with Professional colleges. We thank Professor Ishan De Zoysa Honorary Secretary for meticulously arranging the programmes.

MONTH	COLLABORATING COLLEGE
January	Sri Lanka College of Paediatricians
February	Sri Lanka College of Haematologists
March	College of Anaesthesiologists and Intensivists of Sri Lanka
April	Sri Lanka College of Pulmonologists
June	College of General Practitioners of Sri Lanka
July	Ceylon College of Physicians
August	College of Ophthalmologists of Sri Lanka
October	Sri Lanka College of Physicians
December	College of Otorhinolaryngologists & Head and Neck Surgeons of Sri Lanka

A wide range of topics in all specialties were covered during the meetings, which were very well attended. Case discussions and MCQs were included to meet the learning needs of the postgraduate trainee attendees.

The monthly clinical meeting is a continuing professional development (CPD) activity targeted mainly postgraduates in training, general practitioners and grade medical officers. The CPD committee and the Council have approved their recognition to award CPD points under the category designated "Teaching activities".

Majority of the monthly clinical meetings were available as webinars for the remote participants as a live telecast with the facility to ask questions from the resource persons. These webinars had higher number of active participations not only from local doctors but from overseas participants as well.

The detailed programmes are given in **Annexure 2**.

9. REGIONAL MEETINGS

A total of two (2) successful meetings were held during the year 2022. The meetings were well attended by our members.

The organizations of the regional meetings were actively supported by the SLMA members who represented the provinces and the assistant secretary Dr. Sajith Edirisinghe, who organized these meetings in an admirable manner. The presentations at these regional meetings were of very high quality.

All participants received a certificate of participation carrying "CPD" points to emphasize the importance of continuous professional medical education to keep abreast with new knowledge and skills.

13. CEYLON MEDICAL JOURNAL

Editors : Prof. A. Pathmeswaran and Prof. Senaka Rajapakse

Emeritus Editors: Dr C G Urugoda, Professor Colvin Goonaratna, Professor Janaka de Silva and Dr Anuruddha Abeygunasekera

Section Editors : Dr B J C Perera, Prof Udaya Ranawaka and Prof Shalini Sri Ranganathan

Editorial Board : Prof. Carukshi Arambepola, Prof. Ranil Fernando, Dr Renuka Jayatissa, Prof Raveen Hanwella, Prof. Sarath Lekamwasam, Dr Sachith Metananda, Prof Ajith Nagahawatta, Dr BJC Perera, Prof Shamini Prathapan, Prof. Udaya Ranawaka, Prof. SH Siribaddana and Prof. Shalini Sri Ranganathan

International Editorial Board: Prof. Sabaratnam Arulkumaran, Prof. Zulfiqar Ahmed Bhutta, Prof. Andrew Dawson, Prof. Barbara Gastel, Prof. David Laloo, Prof. Kalle Hoppu, Prof. Ian Pearce, Prof. Peush Sahni, Prof. Anita KM Zaidi

Compiled by: Prof. A Pathmeswaran & Prof S Rajapakse

Period covered: 16 November 2021 to 15 November 2022

1. Editorial board membership

Prof Pathmeswaran resigned from the CMJ editorial board with effect from October 2022. Prof Athula Sumathipala was appointed co-editor of the CMJ from November 2022.

2. Board Meetings

The Editorial Board meetings are usually held on the second Saturday of the month. Twelve meetings were held during the year. Average attendance at editorial board meetings was close to 80%. In addition, the members of the editorial board reviewed 164 abstracts submitted for the SLMA annual academic sessions. A summary of the events of CMJ are sent to the council periodically.

3. Journal

Two issues of the Journal were published during the year, and the third is in press. A total of 34 articles have been published including 13 original articles. Ananda Press continued to print the Journal during the year under review.

Twelve editorial board meetings were held where 125 articles were tabled and discussed. Twenty-nine articles were accepted for publication. The article acceptance rate was 23%. Average time between submission of an article and decision taken at the editorial board was 6 weeks.

The processing fee per article is Rs 3000/=.

4. Website

The CMJ can be accessed online through the SLMA website. Full article access is available from 2000 onwards. The Sri Lanka Journals Online website is maintained by the National Science Foundation. The PubMed abstract of the CMJ articles provide a link to the full text articles.

5. Online activities

The Twitter and Facebook accounts of the CMJ are being used to promote the Journal electronically. The Twitter account has 1200 followers to date. The Facebook page has 1092 followers.

8. CMJ office

Ms Sandamali continues to function as the 'office assistant' remotely. The office can be contacted on 011 269 0212 and at cmjslma@gmail.com

9. Finances

The SLMA council supports the CMJ with an annual grant of Rs. 500,000 which finances the running costs of the journal. The CMJ would like to acknowledge the support extended by the President and Council of the SLMA.

10. Acknowledgements

The Editorial Board is grateful for the continued help of all SLMA staff, especially Ms Jayarani Tennakoon.

14. ETHICS REVIEW COMMITTEE

Chairperson Professor Chandanie Wanigatunge (Medical)
Convener/ Secretary: Dr. Chathuri Suraweera (Medical)

Members

Dr. Malik Fernando (Medical)	Prof. Shalini Sri Ranganathan (Medical)
Dr. Kamal Weerapperuma (Non-medical)	Prof. Amala de Silva (Non-medical)
Prof. Naazima Kamardeen (Non-medical/ Lawyer)	Ms. Durga Pulendran (Non-medical)
Dr Pubudu Choolasiri (Medical)	Dr. Mizaya Cadar (Medical)
Dr. Dumitha Govindapala, (Medical)	Dr. Shehan Silva (Medical)
Dr. Shyamini Adikaram (Medical)	Dr. Erandie Ediriweera (Medical)

Members who resigned during the period
Dr. Chathura Edirisuriya (Medical)

Activities in relation to SLMA Objectives of the Committee

Objective	General	Specific
To advocate the reorientation of the health sector towards health promotion with a life cycle approach	-	-
To engage the non-health sector in taking on equal responsibility in the prevention and reducing health inequities	To enhance research ethics capacity of those involved in biomedical research	To promote involvement of non-health sector associated persons in health-related research as members of the Ethics Review Committee
To promote healthy lifestyle and address major causative factors for NCDs among vulnerable	-	-

populations through health promotion approach		
To enhance the capacity of medical professionals	To enhance research ethics capacity of those involved in biomedical research	<ul style="list-style-type: none"> To provide timely and comprehensive review of biomedical research protocols submitted for ethical approval To provide guidance and support to other ERCs to enhance their capacity in reviewing applications pertaining to ethical aspects of biomedical research
To play an advocacy role towards a comprehensive curative and preventive healthcare for the community	-	-

Attendance at Committee meetings

Name	Number of meetings attended	Number of meetings excused
Prof. Chandanie Wanigatunge	12	0
Dr. Malik Fernando	11	1
Prof. Shalini Sri Ranganathan	9	3
Prof. Amala de Silva	10	2
Dr. Kamal Weerapperuma	3	9
Dr. Naazima Kamardeen	11	1
Ms. Durga Pulendran	6	4 (2 absent)
Dr. Pubudu Choolasiri (Medical)	6	4
Dr. Chathurie Suraweera (Medical)	9	3
Dr. Mizaya Cadar	10	2
Dr. Dumitha Govindapala	8	3 (1 absent)
Dr. Shehan Silva	3	8 (1 absent)
Dr. Shyamini Adikaram	8	4
Dr. Erandie Ediriweera	11	1

Activities carried out in 2022

Twelve regular meetings of the ERC were held from November 2021 to October 2022. 20 research proposals were submitted during the period from November 2021 to October 2022. Ten were granted approval. Two proposals were removed from the agenda as the Principal Investigator did not respond despite repeated reminders. Eight protocols were rejected during this period.

The ERC decided to review case reports during the year concerned.

All members attended a training session conducted by the ERC on assent and dissent on 21 October 2022.

Action plan for 2022

- Provide support to FERCSL and to look into the possibility of conducting a programme to grant local accreditation for the ethics review committees.
- To conduct training programmes for the newly joint SLMA-ERC members.

15. SRI LANKAN CLINICAL TRIALS REGISTRY

Chairperson: Prof. Udaya Ranawaka

Activities carried out during 2022

(Please align the activities carried out with the objectives of the committee and those of SLMA in general as far as possible and attach photo documents where applicable)

1. Twenty- eight clinical trials were registered as of 29th November 2022 (Total 427 trials in the registry).
2. Total of 40 applications received and processed as of 29th November 2022.
3. Several routine maintenance activities were carried out on the SLCTR database and website to enhance user experience.
4. The committee solicited quotations from several IT providers in order to prepare a budget for the much-needed website upgrade.
5. Several governmental and non-governmental organizations were approached in order to raise the required funds for the website upgrade.
6. A felicitation event was organized for the founder chairperson of the SLCTR, Professor Colvin Goonaratna on his retirement from the SLCTR after 15 years of service.

Action plan for 2023

1. Further develop the SLCTR web application according to updated WHO-ICTRP standards.
2. Provide a platform for results reporting of trials registered with the SLCTR.
3. Repeat the audit on the quality of clinical trials registration at the SLCTR.

Report presented by Dr. Amali Dalpatadu

The Expert Committee was initiated in December 2018 as the Core Group on Communication in Healthcare and was later re-named as the Expert Committee on Communication in Healthcare. Amidst the economic crisis, the following activities were carried out through a virtual platform

1. A one-day virtual communications skills training programme organized in collaboration with PGIM for the Paediatric trainees was concluded in 3 stages [from the first year of trainees to third-year trainees].
2. Narrative Competition for medical and allied health students was scheduled to be held in August 2021, the final round of the competition was held on 19th November 2021 and the finalists performed at the annual communication conference.
3. Communication handbook – A communication handbook for the primary care doctors- is being completed with the final editions currently taking place.
4. The annual conference on Communication in Healthcare was held on April, 2022, at SLMA.
5. Council meetings were conducted from SLMA with most members joining via zoom due to the prevailing travelling restrictions.

ETHICS

Chairperson: Dr. Preethi Wijegoonewardene
Secretary: Dr. Surantha Perera

Members

Dr. Vinya Ariyaratne	Dr. Enoke Corea	Prof. Anoja Fernando
Dr. Christo Fernando	Dr. Malik Fernando	Dr. Ruvaiz Haniffa
Dr. Palitha Abeykoon	Dr. Panduka Karunanayake	Dr. Harshini Rajapakse
Dr. Lilanthi Subasinghe	Prof. Chandanie Wanigatunge	Ms. Savithri Wijesekera
Dr. Isuri Wimalasiri	Mr. Saliya Peiris	Dr. Ashani Rathnakeerthi

Report presented by Dr. Surantha Perera

The ethics committee held seven meetings during the year. The main activities undertaken by the committee were as follows:

- We have contributed to establishing **National Policy on Organ and Tissue Transplantation of Sri Lanka**, which received the parliament's approval. We have planned another meeting in the first week of January 2023 to identify the gaps that need to be addressed beyond the policy document.
- We held the Steering Committee's first meeting to establish **National Health Ethics Committee** with the DGHS and other ministry officials to develop a framework to identify objectives and operational procedures on 16th December 2022.

The Committee will comprise the Director General of Health Services (Chair), DDG Medical Services I, DDG Lab Services, DDG Education and Training, Joint Secretaries to the Committee, nine Provincial Representatives, Six members from the SLMA Ethics Committee, a Representative from Sri Lanka Medical Council, Judicial Medical Officer, Representative from BAR Association, Representatives from UN Agencies (WHO, UNICEF, UNFPA, UNESCO, other), Representatives from six Private Hospitals (Durdans Hospital, Nawaloka Hospital, Asiri Group, of Hospitals, Hemas Group of Hospitals, Nine Wells Hospital, Kings Hospital).

Terms of Reference (TOR) and Operational Procedures (SOP) are being developed, and the first meeting of the National Health Ethics Committee is planned to be held in January 2023.

- **A training program** would be initiated for the members of the ethics committees at the hospital level in the Ministry of Health by SLMA in 2023. We hope to address the meeting of the Hospital Directors in January 2023.
- We commenced writing a **book on "Ethics in practice,"** compiling the selected orations and presidential speeches on ethics-related themes which will be helpful for the membership to read.
- **A lecture** on "Ethics in medical practice" was done by Prof. Anoja Fernando on 5th March 2022 at the Saturday Talk.

FORUM FOR ETHICS COMMITTEES (FERCSL)

Chairperson	:	Professor Chandanie Wanigatunge
Convener	:	Professor Shamini Prathapan
Treasurer	:	Dr. Wasanthi Subasinghe
Editor	:	Prof. Chandima Wickrematilleke

Members

The management committee of FERCSL comprises of three members from each member ERCs. The member ERCs are:

ERC, Faculty of Medicine, Colombo
ERC, Faculty of Medicine, Jaffna
ERC, Faculty of Medicine, General Sir John Kotelawala Defence University
ERC, Faculty of Medicine, Kelaniya
ERC, Faculty of Medical Sciences –Sri Jayewardenepura
ERC, Faculty of Medicine, Peradeniya
ERC, Faculty of Medicine and Allied Sciences, Rajarata
ERC, Faculty of Medicine, Ruhuna
ERC, Faculty of Graduate Studies, University of Colombo
ERC, PGIM University of Colombo
ERC, Eastern University

ERC, Peradeniya Dental Faculty
Bandaranaike Memorial Ayurveda Research Institute (ERCBMRI)
Faculty of Medicine, Sabaragamuwa University
Faculty of Allied Health Sciences, University of Ruhuna, Galle

Report presented by Prof. Shamini Prathapan

Activities in relation to SLMA Objectives of the Committee

1. Basics of Research Ethics

A workshop was held on 16th February 2022 from 9am to 1pm on an online platform. The resource persons were Prof. Chandanie Wanigatunge, Prof. Shalini Sri Ranganathan and Dr. Chathurie Suraweera to talk on “Principles of Research Ethics and their application”, “Evaluating the protocol” and Responsible conduct of Research: Vulnerability, COI, Confidentiality, Privacy” respectively on an online platform. The flagship activity of the Committee is the GCP training. This year the workshop was not conducted as an online platform was not achievable.

2. Accreditation of the ERCs

Due to the COVID-19 pandemic and the economic crisis accreditations of all ERCs in Sri Lanka were put on hold.

3. Database of reviewers and trainees

A database is being maintained by the FERCSL on all national reviewers and trainees. This database will help select reviewers for SIDCER and FRECAP for international ERC accreditation. This will also help FERCSL to keep track of trainees, who will be eligible as reviewers.

4. e-newsletter

e-newsletters of the FERCSL were circulated by the FERCSL among its member ERC's.

Dr. Charuni Kohombange	Mr. Suneth Bandara	Prof. Hasini Banneheke

Report Presented by Dr. Ruvaiz Haniffa

The SLMA Media Committee with the assistance of the Public Relations Officer of the SLMA under the guidance of the President of the SLMA organized and successful coordinated series of Press Briefings/press releases for the electronic and print media at the Lionel Memorial Auditorium of the SLMA. The focus of the SLMA was to pass on accurate, credible unbiased and timely information to the public on the COIVD-19 Pandemic and non-communicable diseases with a particular reference to road traffic crashes. The Annual SLMA Awards for Excellence in Health Journalism 2021 was not conducted.

MEDICINAL DRUGS

Chairperson: Prof. Priyadarashani Galappatthy
Convenor: Prof. Pradeepa Jayawardane

Members:

Emeritus Professor Gita Fernando
Prof. Chandanie Wanigatunge
Prof. Shyamalee Samaranayake

Dr. Sarath Gamini De Silva
Prof. Nirmala Wijekoon
Ms. Chinta Abeywardana

Dr. Maxie Fernandopulle
Prof. M. C. Weerasinghe

Report presented by: Professor Priyadarashani Galappatthy (Chairperson) and Prof Pradeepa Jayawardane (Convenor)

Main objective of the committee is to promote rational and appropriate use of medicinal drugs and ensure safety of medication use.

Activities carried out in 2022

1. Therapeutic update lectures

MDC organized the webinars for the 9th consecutive year to update knowledge on therapeutics and rational use of medicines. All the webinars were very well attended and are uploaded to the SLMA website.

The updates held and speakers are as follows:

1. Therapeutic update on anxiety disorders on 24th June 2022
Dr Chaturi Suraweera, Senior Lecture in Psychiatry, Faculty of Medicine, University of Colombo, Honorary Consultant Psychiatrist, National Hospital, Sri Lanka
2. Therapeutic Update on Migraine on 22nd July 2022
By Dr Kumarangi Vithanage, Senior Lecture in Physiology and Specialist Neurologist, Faculty of Medicine, University of Colombo

2. Implementation of Medication Safety National Action Plan

The National Action Plan for Medication Safety in Sri Lanka which was developed under the guidance of Prof Priyadarshini Galapaththy, Chairperson of the MDC was launched on “**World Medication Safety Day**”, 17th September 2021. Several activities were held this year implementing the action plan.

1. Prof Priyadarshini Galapaththy, Chairperson of the MDC delivered the key-note address at the World Patient Safety Day celebrations in Sri Lanka held on 17th September 2022 at the BMICH, Colombo
Title of the address: Medication without Harm: Implementing the National action plan for Sri Lanka
2. Prof Pradeepa Jayawardane and Prof Nithushi Samaranayake conducted a workshop on implementing medication safety action plan at Colombo South Teaching Hospital on 14th October 2022

3. Patient information leaflets (PILs)

The patient information leaflets on following topics are being prepared to be published online at the SLMA website.

Depression - Prof Raveen Hanwella
Vitamin D therapy – Dr Sachith Abayaratne
Drugs in Epilepsy – Dr Kishara Gunaratne
Hypertension- Dr Sarath Gamini de Silva (Updating the existing PIL)
Antacids – Prof Anuradha Dasanayake

4. Plans for procurement of medicines through suppliers without registration by the National Medicines Regulatory Authority (NMRA)

The Medicinal Drugs Committee of the Sri Lanka Medical Association expressed its concerns regarding plans to allow supply of medicinal drugs without registration of suppliers by the NMRA in letter addressed to then Prime Minister Hon. Ranil Wickremesinghe.

5. New members

Following new members were appointed.
Prof Sudheera Jayasinghe
Dr Sudharshani Kurukulasuriya
Dr Uthpali Mannaperuma
Dr Nithushi Samaranayake

Action plan for 2023

1. MDC will continue to have therapeutic updates for 2023.
2. Provide leadership in implementing Medication Safety National Action Plan
3. Respond to any requests by the president and council of the SLMA on matters relevant to the MDC.
4. Contribute to prevention of antimicrobial resistance by improving prescribing practices
5. Patient education on "Misconceptions regarding use of medicinal drugs" will be addressed by preparing "Patient Information Leaflets which will be published online at the SLMA website."

Report presented by Dr Saraji Wijesekara

The committee on Medical Rehabilitation was formed in year 2020 under the presidency of Dr Padma Gunaratne with a vision of improving the knowledge and uplifting the services of medical rehabilitation in Sri Lanka.

The members of the committee represent all subspecialties in medicine contributing to rehabilitation of disabilities including allied health professionals and nurses.

Committee meetings were held monthly for discussion of progress of projects and planning of future activities. The meetings were well attended by the committee members.

Training/ Capacity building

Monthly lectures on rehabilitation were organized in the virtual platform. Both foreign and local resource persons were invited targeting the professionals in all specialties, trainees and medical and allied health students.

Month	Resource person	Title of the talk
February 2022	Prof Rory J O'Connor Lead clinician for rehabilitation medicine, Leeds, UK	International principles of rehabilitation medicine
April 2022	Dr Chamara Jayatunga Royal Berkshire Hospital, UK	Recent advances in management of spasticity
May 2022	Dr M Saamir Mohamed Acting Consultant Neurologist, NHSL	Parkinson's disease disability and rehabilitation
June 2022	Ms Alfah Jamaludin Occupational therapist Perdana University Malaysia	Attention deficit hyperactive disorder in adults. 'A lifelong disorder'
July 2022	Dr Nilanthie Perera Staff Specialist in rehabilitation medicine, Australia	Goal setting in rehabilitation
August 2022	2 nd Rehabilitation conference	
September 2022	Webinar by Sirirat Seng-iad, Tullathorn Tulatham Chonthicha Chaemkhuntod, Prosthetist and orthotist Mahidol University, Thailand	The outcome measure in prosthetics and orthotics And its application
October 2022	Dr Sepalika Mendis Consultant Cardiologist NHSL	Cardiac rehabilitation Sri Lankan perspective

Conferences and workshops

2nd rehabilitation conference held on 25th and 26th August 2022

Six main symposia on following topics were discussed within the multidisciplinary teams.

- Neurodevelopmental disorders in children
- Psychology and disability
- Care in the elderly and coping up with disability
- Spinal cord injuries
- Disabilities in special senses
- Rheumatology and disability -Multidisciplinary care

Stroke rehabilitation workshops

Stroke rehabilitation workshop for nurses and allied health professionals was to be held in May 2022 was postponed and subsequently cancelled due to the crisis situation existed in the country.

Formulation of National Guidelines for Management of Stroke in Hospitals of the MoH, Sri Lanka.

Based on an invitation extended to the SLMA by the MoH, the Expert Committee on medical Rehabilitation initiated a project to formulate the National Guidelines for Management of Stroke in Hospitals of the MoH. The project chaired by Dr Padma Gunaratne has already identified resource persons, core group is formed and a substantial component of the project is completed. We intend to complete development of Guideline by mid 2023.

MEDICAL EDUCATION

Chairperson: Prof. Indika Karunathilake

Convener: Dr. Sajith Edirisinghe

Members

Dr. Ashwini de Abrew

Dr Riska Ishan

Dr Shanka Randenikumara

The Committee has organised following webinars

1. Landscape of Medical Education in Sri Lanka and Book Launch on 05th April 2022.
Dr Palitha Abeykoon, Past president, SLMA & Head, accreditation unit SLMC participated the event as the chief guest. Prof Indika Karunathilake, Professor in Medical Education, Faculty of Medicine, University of Colombo delivered a lecture on Landscape of medical education in Sri Lanka. Senior Prof Surangi Yasawardena, Former Dean and Chair professor of Anatomy, Faculty of Medical Sciences, University of Sri Jayewardenepura who participated as the Guest of Honour delivered a lecture on Accreditation in Medical education. Dr Sajith Edirisinghe, Senior lecturer in Anatomy & Clinical Geneticist, Faculty of Medical Sciences, University of Sri Jayewardenepura delivered a lecture on How to make basic science education more engaging, interesting and meaningful.

Following books were launched after the webinar

- a) Journey of the Healers by Prof Indika Karunathilake
 - b) Anatomy –Upper limb, a study companion for medical students - Prof Indika Karunathilake and Dr Sajith Edirisinghe
2. Webinar on Current Trends in Teaching Basic Sciences in Medical Education and Book Launch on 05th December 2022

Prof Harsha Dissanayake, Professor & Consultant Radiologist, Department of Anatomy, Faculty of Medical Sciences, The University of Sri Jayewardenepura.

& President Anatomical Society of Sri Lanka participated as the Chief Guest and delivered a lecture on Current Trends in Teaching Radiological Anatomy. Prof Indika Karunathilake, Professor in Medical Education, Faculty of Medicine, University of Colombo discussed How to make basic science teaching simpler interesting and relevant. Dr. Sajith Edirisinghe, Dr. Sajith Edirisinghe, Senior lecturer in Anatomy, Faculty of Medical Sciences, University of Sri Jayewardenepura & Secretary of the SLMA Expert Committee on Medical Education delivered a lecture on Human tissue plastination and new methods in preservation

Following books were launched after the webinar

- a) Anatomy – Lower limb, a study companion for medical students - By Prof Indika Karunathilake and Dr. Sajith Edirisinghe
- b) Simplified atlas of neuroanatomy by Dr. Sajith Edirisinghe

NON- COMMUNICABLE DISEASES

Chairperson: Dr. Renuka Jayathissa
Convenor: Dr. Sidath Wijesekera

Members

Dr. J. B. Jayawardena	Dr. Anula Wijesundere	Dr. V.T.S Siriwardena
Dr. Vindya Kumarapeli	Dr. Chathuranga Ranasinghe	Dr. Bhanuja Wijethilake
Dr. Sanka Randenikumara	Dr. Thushara Matthias	Dr. Thusitha Kahaduwa
Dr. Dhanushka Abegunathilake	Dr. Ishani Fernando	

Report presented by Dr. Sidath Wijesekera

Background

The expert subcommittee on Non-Communicable Diseases (NCD) has been active and operational since 2004 which has given leadership to SLMA in playing a pioneering advocacy role in the field of NCDs; in policy formulation, strategic planning, and development of national action plans in support of the Ministry of Health (MoH) and other relevant ministries and stakeholders. It is important to highlight that withing last five years time the subcommittee has given the technical leadership and advocacy in three national level projects.

Activities carried out in 2022:

Food and Nutrition

Healthy yoghurt with ‘no added sugar’

First phase of healthy yoghurt project successfully completed with the production of yoghurt with no added sugar. Yoghurt manufacturers have started to produce yoghurt with “no added sugar”. As the phase -2 of the project all the stakeholders decided to introduce the new healthy product to the market in early next year and agreed to place a position paper stating the project was done by yoghurt manufacturers following the concept and guidance of SLMA -NCD subcommittee. Furthermore, decided to raise public awareness on health benefits of yoghurt with no added sugar and request ministry of health to add this product to the hospital diet. In phase -3 planned to introduce a health logo as an extension to the project.

Programs on food safety

Successfully conducted a seminar on “Food safety and food security in power outages” with the participation of Dr Tilak Siriwardana, Dr. Renuka Jayatissa and Dr. Vinya Ariyaratna as resource persons. Which was a hybrid session with more than 100 online participation and in person as well. Health. It was conducted by international and local speakers: Dr. Harley Oliver, Dr. Thilak Siriwardhana and Dr. Bhanuja Wijethilake.

Continued providing expertise and voluntary services to the Coconut Development Authority (CDA) Sri Lanka including site visits to coconut oil producers.

Physical Activity and Nirogi Lanka Project

- Completed two projects of physical activity promotion in community organizations and workplaces under NIROGI Lanka project did with Ministry of Health, ChildFund and IDLO for the RECAP project.
- ‘Nirogi Paada’ project with D Samson Industries (DSI) PVT Ltd. continued. “NIROGI shoe” is currently available for people in DSI showrooms.
- “Active Lanka project” was functioning with the community network. Physical activity program of SriLanka Broadcating Cooperation for the World Diabetes Day successfully conducted. The project was invited to conduct monthly exercise program with SLBC.
- It was a great pleasure that Dr. Chathuranga Ranasinghe-former convener and member of NCD Subcommittee SLMA and the current convener of Nirogi Lanka Project was awarded the 7th Sheikh Fahad Hiroshima-Asia Sports Medicine and Science Award in line with the Asian Games 2022, by the Hiroshima City Sports Association, Hiroshima, Japan at the General Assembly of the Olympic Council of Asia (OCA) (mother organization of all 45 National Olympic Committees

(NOC)/countries in Asia) on the 4th October 2022 in Phnom Penh, Cambodia (<https://olympic.lk/nocnews/394>)

Started the Food and Nutrition arm of the Nirogi Lanka project

Program of converting street food in to healthy food funded by WHO and Natinal survey on the long-term care facilities for older people with special emphasis on the availability of nutrition care services were initiated.

Cancer

Several media events done by the committee members on cancer prevention and management

- TV program on cancer awareness along with the Breast Cancer month conducted by Dr. Renuka Jayatissa and Dr. Sidath Wijesekera on 'TV Lanka'.
- Live talk on aflatoxin and cancer done by Dr. Sidath Wijesekera in the radio program "Dasadesin 7" in September 2022.
- Paper article published on 'Dinamina' news paper lead page on cancer and preventive activities done by SLMA NCD subcommittee.

It is important to highlight that NCD subcommittee within last five years involved in three successful national level projects:

1. 'Nirogi Paada' – Diabetic foot project
2. Introduction of logo to identify coconut oil with safe level of aflatoxin
3. 'Yoghurt with no added sugar' project

PALLIATIVE AND END OF LIFE CARE TASK FORCE (PCTF)

Chairperson: Dr. Udayangani Ramadasa
Convenor: Dr Gamini Pathirana
Hony Joint Secretaries: Dr. Sankha Randenikumara, Dr Chaya Withanachchi

Members:

Dr Dilhar Samaraweera (Past chair)	Dr Panduka Karunanayake	Dr Kalyani Guruge
Dr Suraj Perera	Dr Ravini Karunatileke	Dr KVC Janaka
Prof Shyamalee Samaranayake	Dr Sujeewa Weerasinghe	Prof Clifford Perera
Dr Anuprabha Wickramasinghe	Dr Thushari Hapuarachchi	Dr Shehan Silva
Dr Ruwanthi Jayasekera	Dr Anula Rathnayake	Dr Lanka Dissanayake
Ms Wajira Wijesinghe		

Reported by Dr. Sankha Randenikumara, Hony Joint Secretary

Meetings

PCTF has had seven (7) physical meetings within the year. Committee members, professional college representatives and stakeholders including NGOs and general public have participated in meetings.

Distribution of Guidelines

PCTF published two landmark publications in the last quarter of 2021; 'Palliative Care Manual for Healthcare Professionals in Sri Lanka' and 'Practice Guidelines in the End-of-Life Care'.

Both the publications were distributed to hospitals up to Base Hospital level, university libraries and trainees to make use of these pioneer guidelines by the healthcare professionals.

National Cancer Control Programme supported the distribution of the End-of-Life Care Guidelines.

Softcopies of both publications were disseminated through the professional colleges and associations and are also available in the SLMA website for download freely.

Dissemination of Knowledge

Members of the PCTF participated in following sessions/workshops and delivered content related to palliative care representing the committee,

- SLMA Saturday Talk: 'Palliative Care in Clinical practice' on 19.03.2022 (Dr Dilhar Samaraweera)
- Palliative Care for Primary Care Setting, NCCP: *Several lectures in March, April and May 2022* (Dr Udayangani Ramadasa)
- SLMA Annual International Conference 2022, Pre-congress on Rehabilitation: 'Rehabilitation of Palliative Patients' in September 2022 (Dr Udayangani Ramadasa)
- Speciality Update by Ceylon College of Physicians: Geriatrics: *End-of-Life care for Elderly' August 2022* (Dr Udayangani Ramadasa)

Training Palliative Care Teams

National Cancer Control Programme invited the PCTF to collaborate with them in order to provide technical support to the Kandy district community-based palliative care initiative. First step of the programme was training doctors which was successfully carried out in October 2022 PCTF prepared the training programme and arranged the resource persons. The second step, training other staff, to be conducted in the first quarter of 2023.

Contribution to National Activities

Members of the PCTF represented the National Steering Committee on Palliative Care of Ministry of Health and Palliative Medicine Board of Study in the PGIM.

PREVENTION OF ROAD TRAFFIC CRASHES

Co-Chairpersons: Prof. Samath D. Dharmaratne and Prof. Clifford Perera

Secretary: Dr. Thushara Matiwalage

Report presented by Professor S. D. Dharmaratne

Globally, every year more than 1.35 million people die on the roads due to road crashes and millions more are seriously injured. Road traffic injuries are the number one cause of death for children and young adults aged 15-29 years (Source WHO 2022). Whereas in Sri Lanka, average 38,000 crashes occur annually resulting over 3,000 deaths and 8,000 to 9,000 serious injuries. This means that 7 to 8 people die due to road accidents each day. Over two thirds (63%) of road crash victims are productive, working age adults between 15 -64 years of age (Source: World Bank Road Safety Profile, 2022).

For this reason, expert committee on Prevention of Road Traffic Crashes (PRTC) was formed a decade ago by the Sri Lanka Medical Association (SLMA) and invited partner organizations such as Sri Lanka Police, Colombo Municipal Council (CMC), Urban Development Authority (UDA), Registration of Motor Vehicle Department (RMV), Non-Communicable Disease Prevention Unit (NCD unit) of the Ministry of Health, e-channelling, Professional Bodies such as the College of Surgeons of Sri Lanka, International Member organizations such as Rotary Club of Sri Jayewardenepura, Lions Club of Colombo Centennial, Rotary Club of Colombo Centennial to work towards short, medium and long term strategies and launched "SAFE SRI LANKA" to prevent and control road traffic crashes in Sri Lanka.

Under the able leadership of Prof. Samath D. Dharmaratne following projects were completed during this year.

1. Meeting HE the President and handing over a proposal to form a Presidential Task Force:

As the expert committee on PRTC, we believe in a cohesive approach that would bring all stakeholders together and aligning them with a common goal and shared values would help to achieve a synergistic effect. Therefore, we requested former President Gotabaya Rajapaksa to take the lead setting up of a presidential task force to align all government agencies and other stake holders. The President Gotabaya Rajapaksa was met in March 2022 at the President Office.

2. Meeting with Minister of Mass Media:

The SLMA committee met Minister Dullas Allahapperuma, the Minister of Mass Media, who was in agreement to launch a large-scale Mass Media Campaign to educate and create awareness to prevent RTCs.

3. Training /Awareness session

Rotary Colombo Centennial, a stakeholder of SLMA Expert Committee on PRTC together with Sri Lanka Police conducted a training session/an awareness session on road rules.

4. Medical Camp for Public Bus Drivers organized by Sri Lanka Police and Rotary Colombo Centennial

5. Print Media Awareness Campaign

[illegible]

6. Social Media Awareness Campaign

To All Citizens of Sri Lanka,

PREVENTION IS THE BEST!!

How to overcome healthcare crisis in Sri Lanka as a nation
(Shortage of Medicine and medical consumables)

- Prevention of Injuries
- Prevention of Road Traffic Accidents
- Prevention of Non Communicable Diseases
- Prevention of Infections
- Prevention of Animal bites

Together we can save lives and medicines in Sri Lanka.

A message from – Disease Prevention Program
RID-3220 SL & Maldives

The Rotary logo is located in the bottom right corner. It features a globe with a blue and white grid pattern, surrounded by a yellow ring. Above the globe is the word "Rotary" in a blue serif font. Below the globe is the tagline "BEYOND THE HORIZON LIVES" in a small, blue, sans-serif font.

2022 | 20th NOVEMBER | WORLD DAY OF REMEMBRANCE
FOR ROAD TRAFFIC VICTIMS

#BESAFE #DRIVESMART

Don't Drink & Drive!

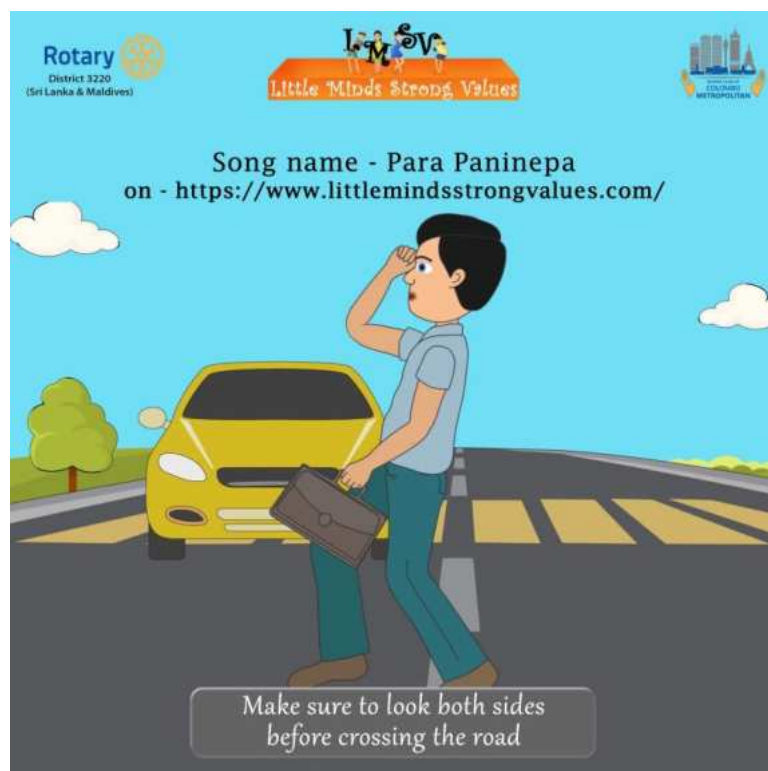

Rotaract CINEC Campus | ROTARY SRI JEEVAARDENAPURA

The poster features a yellow and black diagonal striped border at the top and bottom. The text is in red and black. The bottom right corner includes logos for Rotaract CINEC Campus and Rotary Sri JeevaardenaPura.

7. Rotary Social Media Campaign

An awareness campaign on Road Safety that targeted School Children was conducted during the year. A Youtube Video created in Sinhala and Tamil to educate Children called Little Minds Strong Values (LMSV)'s values depicting within the song - පාර පනින්නපා - Para Paninepa was launched. (Sinhala): <https://web.facebook.com/watch/?v=1145411635839429>

Learn and respect Road rules. Cross the roads only at the marked crossings. Look both sides before you cross the road. Also, driving under the use of alcohol, and driving with a phone in hand is illegal. If your parent or the driver is driving in such conditions, empower the children to tell them that they will not come in such vehicles. A project of Rotary Club of Colombo Metropolitan, Sri Lanka. To Download song videos, MP3s, lyrics, Backing Tracks, go to www.rotarycolombometro.org/LMSV

8. Press Conference:

A Press Conference was held on 23rd of February 2022 at the Lionel Memorial Auditorium of the SLMA where Dr. Clifford Perera – Chair Professor of Forensics Medicine, University of Ruhuna, Mr. Indika Hapugoda – Deputy Inspector General of Police (DIG) Traffic, Mr. Dilantha Malagamuwa – Brand Ambassador Safe Sri Lanka Road Safety Programme, Dr. Ruwan Thushara Matiwalage - Secretary / Convener, Expert committee on PRTC participated as resource personals.

9. Meeting the former Hon Prime Minister Ranil Wickramasinghe and his Health Sector Advisor Mr Ruwan Wijewardane in Aug 2022:

Prof Samath Dharmaratne (President SLMA), Prof Ishan De Zoysa (Honorary Secretary of SLMA), Dr. Surantha Perera (Vice President SLMA) Thushara Matiwalage (Convener / Secretary of Expert committee on PRTC participated at this meeting. During the meeting, a proposal was handed over to Ruwan Wijewardane for the establishment of the task force for the prevention and control of RTCs in Sri Lanka.

10. 135th Anniversary International Medical Congress 2022 - Panel Discussion on prevention ov RTCs

11. Meetings of the Expert Committee

Expert Committee meetings were held regularly except in April and August.

12. Participated as invited members at the National Road Safety Council (NRSC) meeting chaired by Hon. Lasantha Alagiyawanna, State Minister of Transport

Prof Samath Dharmaratne - Chairman Expert Committee, Thushara Matiwalage - Secretary Expert Committee and Rotarian Mahinda Bandara Coordinating Secretary participated at this meeting and discussed ways that the SLMA could be involved in the prevention and control of RTCs in Sri Lanka. Following the meeting, a meeting with State Ministry of Transport Lasantha Alagiyawanna, was held to discuss in November 2022. At this meeting the minister accepted that Health Sector representation in National Road Safety Council is important and promised to rectify this deficiency and to include the SLMA as a regular member in the committee.

NRSC with collaboration of CMC initiated a model Outdoor Road Safety Education Centre at Vihara Maha Devi Park for School Children. Dr. Thushara Matiwalage participated as Convenor/Secretary of SLMA Expert Committee on Prevention of Road Traffic Crash

RESEARCH EVALUATION

Chairperson: Prof. M. C. Weerasinghe
Convenor: Dr. Sajith Edirisinghe

Members

Dr. Sumithra Tissera	Dr. Ruvaiz Haniffa	Dr. Sarath Gamini De Silva
Prof. Shamini Prathapan	Prof. A. Pathmeswaran	Prof. Saroj Jayasinghe
Dr. Kalyani Guruge	Dr. Surantha Perera	

The Grants applications were evaluated by the committee and following decisions were made

1. CNAPT Award – not awarded
2. G R Handy Award – not awarded
3. Glaxo Welcome Research Award – not awarded
4. SLMA Research Grant – Awarded to Strengthening Near-Miss Reporting System at Curative Health care Institutions in Sri Lanka by Dr M P Jayalath.

SNAKE BITE

Chairperson : Prof. S. A. M. Kularatne
Secretary : Dr. Namal Rathnayake
Editor : Dr. Malik Fernando

Members

Dr. Vinya Ariyaratne	Dr. Chamara Dalugama	Dr. Anslem de Silva
Dr. Udaya de Silva	Dr. Shantha de Silva	Dr. Christo Fernando
Dr. Kasun Fernando	Prof. Indika Gawarammana	Dr. Lahiru Kalpage
Prof. Kalana Maduwage	Prof. Kolitha Sellaheva	Prof. Anjana Silva
Prof. N. Suganthan	Prof. Eranga Wijewickrama	

Report presented by Dr. Malik Fernando

Two virtual committee meetings of the Snakebite Committee were held in 2022; other interactions being through email.

A new member, Dr. Chamara Dalugama, Senior Lecturer, Faculty of Medicine, University of Peradeniya was proposed at the April meeting and duly appointed by the SLMA Secretary after Council approval. Dr. Malik Fernando resigned from the post of Hony. Secy. and was appointed Editor. Dr. Namal Rathnayake was appointed as the Hony. Secretary.

The Snakebite Management Guidelines 2017 (SBG2017), was completely revised and uploaded to the Snakebite Committee page of the SLMA website in June 2022. This is designated SBG2021—since the revision process commenced in 2021. All the pdf pages were compiled into a single *Management Guidelines* e-book (80 pages); a second e-book *A Gallery of Venomous Snakes* (38 pages) was also compiled and uploaded. Both are available through the SLMA website. It is planned to produce a printed version of the Management Guidelines.

Members of the committee (Prof. S.A.M. Kularatne & Prof. Anjana Silva) participated in a “Meet the Professor” programme on snakebite at the Sri Lanka College of Internal Medicine Annual Sessions in November. Also in November, three members (Prof. Kolitha Sellahewa, Prof. Kalana Maduwage & Prof. Eranga Wijewickrama) participated in a symposium on snakebite at the Colombo Medical Conference.

Programme for the year 2023

1. Promote collaborative research on snakebite.
2. Conduct educational programmes for healthcare professionals.
3. Lobby the Health Ministry to introduce
 - a. data collection regarding epidemiology of snakebite island wide;
 - b. declare snakebite deaths reportable and institute a mechanism to investigate such deaths.

This data would help to improve management strategies so as to reduce snakebite morbidity and mortality.

SUICIDES PREVENTION (ECSP)

Chairperson: Prof. Thilini Rajapakshe
Convener : Dr Anula Wijesundere
Secretary : Dr Chathurie Suraweera

Members:

Prof. Samudra Kathirarachchi	Dr Jayamal de Silva	Dr Prabath Wickrama
Dr Anuruddhika Ratnayake	Dr Venura Paliawadana	Dr Sajeewa Ranaweera
Dr T Suveendran	Dr Lakmi Seneviartne	Ms Kumudini Hettiarachchi
Dr Amila Isuru	Dr Ruwan Ferdinando	Dr Maneesha Dalpathadu
Prof Ravindra Fernando	Dr Thilina Wanigasekara	Dr Anoma Jayasinghe
Dr Darshani Hettiarachchi		

Dr Sudath Samaraweera resigned from the Committee, and Prof Ravindra Fernando, Dr Thilina Wanigasekara, Dr Anoma Jayasinghe and Dr Darshani Hettiarachchi joined the Committee.

The number of meetings held was 10

The ECSP undertook several important activities in the past year.

The Committee worked in collaboration with the Mental health Directorate of the Ministry of Health to finalize the action plan for suicide prevention.

The Committee developed posters with important mental health messages, which were widely shared among the public.

The ECSP formed two sub-committees to look into the increasing needs of older adults, and young adults in the country as the rates of suicides appear to be increasing among these two groups.

A survey was conducted to identify the factors that may contribute to suicide and deliberate self-harm among adolescents and young adults.

A stakeholder meeting was held online to discuss the issues that may contribute to suicide and deliberate self-harm among older adults.

A series of webinars were organized to increase awareness of mental health among the public, where the resource persons were Prof Piyanjali de Zoysa and Dr Lahiru Akuretiyage.

The resource person for the webinar organized in collaboration with Sri Lanka Press Institute was Dr Diyanath Samarasinghe.

One of the significant activities undertaken for the year was to submit a proposal to the Secretary of the Ministry of Health (MoH) on banning certain pesticides to reduce suicide and deliberate self-harm.

The Committee liaised with the Non- Communicable Diseases (NCD) Unit and the Mental Health Directorate (MHD) of the MoH to establish the Expert Committee for Suicide Prevention as a part of the mental health policy of Sri Lanka.

The Committee changed the focus of the media strategy to the current situation with the COVID-19 pandemic in the country.

The activities conducted were

- Newspaper articles to improve mental health during the pandemic.
- Animated videos and posters to be produced to distribute among the public.
- Media briefing to educate the public regarding post-covid mental health issues

The Committee collaborated with Sri Lanka Press Institute to conduct a webinar to increase the awareness of media personnel on responsible reporting of suicides.

An online workshop was organized for 30 community psychiatric nurses and psychiatric social workers on problem-solving counselling on 11, 18 and 25 November 2021.

TOBACCO, ALCOHOL AND ILLICIT DRUGS

Chairperson: Professor Narada Warnasuriya
Convenor: Dr. Jayamal De Silva

Members

Dr. Manoj Fernando	Dr. Anula Wijesundere	Dr. Hemantha Amarasinghe
Dr. Mahesh Rajasuriya	Dr. Nadeeka Chandraratne	Dr. Sajeewa Ranaweera
Dr. Nayana Dhanapala	Dr. Sameera Hewage	Dr. Amila Isuru

Report presented by Dr. Jayamal de Silva

Activities:

- 1. Recommendations to government on issues related tobacco and alcohol in the context of the economic crisis:** The committee provided written recommendations to the Prime Minister to as a response to economic crisis and shortage on foreign currency, on 5th June 2022. Four main recommendations were made with justifications. These were – implementing a tobacco taxation formula, undertaking an analysis of alcohol taxation to implement a rational alcohol tax system, removing tobacco and alcohol products from the basket of essential goods when calculating the cost of living (and through this, inflation), and discontinuation of imports related to manufacturing of tobacco and alcohol products to conserve foreign currency. This letter received wide media publicity.
- 2. Submissions to Special Parliamentary Committee on legalization of Cannabis:** Committee members discussed made presentations on the potential adverse impact and the myths related to the economic benefits of legalization and growing cannabis as a cash crop in Sri Lanka. Those present included the Ministers and State Ministers of Justice, Plantations, Ayurveda and Tourism as well as officials from the same Ministries and the Presidential Secretariat. This meeting was held at the Parliament premises in November 2022.
- 3. Tobacco and alcohol policy briefs and drafting tobacco taxation formula for Cabinet of Ministers.** Technical support was provided throughout the year to the Institute of Policy Studies, which is an agency under the Ministry of Finance their studies and reports on tobacco and alcohol use in Sri Lanka. This included supporting finalizing policy memos on tobacco control and supporting drafting recommendations on tobacco taxation and a tobacco pricing formula to be presented to the Cabinet of Ministers.

4. **Advocacy opposing legalization cannabis in Sri Lanka.** Submissions were made at an official meeting on substance abuse, convened in October by the office of the Leader of the Opposition of the Parliament on the adverse impacts of the proposed legalization of cannabis in Sri Lanka. Several opposition Members of Parliament, including the Leader of the Opposition took part in at this meeting. The facts submitted were later used by those present when they spoke in Parliament.
5. **Training:** The Committee organized and carried out a training for 60 dental surgeons and 150 dental assistants of tri forces on cessation of smoked and smokeless tobacco use and brief interventions for alcohol use, in collaboration with the Sri Lanka Dental Association, in March. This group will be followed up further during the next year.
6. **Reporting violations to NATA Act:** Violations of the National Authority on Tobacco and Alcohol Act in relation to smokeless tobacco were communicated in writing to the National Authority on Tobacco and Alcohol in April, suggesting remedial action.
7. **Contributed as trainers and resource persons to:**
 - a. The United Nations Office for Drugs and Crime (UNODC) health training for prison staff.
 - b. The Youth Community Leadership Programme (YCLI) programme of the World Health Organization.
 - c. The UNODC Policy Workshop on Comprehensive Drug Strategy for Sri Lanka.
8. **Inputs and comments to the Media:** Members also provided inputs and interviews to both print and electronic media on different aspects of addressing the harms of tobacco, alcohol and illicit drugs including cannabis where such inputs were sought from the Committee.

WOMEN'S HEALTH

Chairperson: Professor Sampatha Gunawardena
Convener: Professor Anuruddhi Edirisinghe

Members

Prof. Shamini Prathapan	Dr. Amanthi Bandusena	Dr. Nadeeka Chandraratne
Ms. Leisha de Silva	Dr. Sepali Kottegoda	Dr. Iyanthi Gunasekera
Dr. Aruni Hapangama	Dr. Neththanjali Mapitigama	Dr. Aruni de Silva
Dr. Janaki Vidanapathirana	Dr. Deepa Gunasekera	Dr. Deepika Attygalle
Dr. Harsha Attapattu	Dr. Sumithra Tissera	Dr. Ishra Nazeer

Four meetings were held via zoom during the year 2022.

The following are the activities which were conducted during this year.

1. The questionnaire of the Research proposal titled 'Challenges faced by female medical doctors on COVID 19 new normal and maintaining good mental health' was circulated via google form on WhatsApp and other social media platforms to PG trainees of different specialties. However, the number of filled questionnaires were less than 100, Therefore it was decided to promote more actively by the members.
2. Dr. Deepika Attygalle, a member of the WHC was invited to address a gathering at Sabaragamuwa Provincial Council for the government officials in charge of and representing different ministries under the provincial council to commemorate the Women's Day on 8th of March. Her title of her presentation was on "Women's contribution towards productivity and national economy" A large gathering of over 400 participated at this event and which was successfully concluded.
3. The WHC conducted a symposium for the 135th Anniversary International Medical Congress of the SLMA sessions on the 1st of October. The title of the symposium was "Economic crisis and its consequences on women's health". The Chairpersons were Professor Jennifer Perera and Professor Sampatha Goonewardena. The experts in their field of specialty presented namely; Professor Amala De Silva on "Health Financing challenges for women" Dr Aruni De Silva on "Salvaging the shattering family health during economic crisis" and Professor Sanjeewa Padumadasa on "Women's health devoured by the tides in the economy: A gynaecologist's perspective"
4. The WHC conducted a seminar to commemorate the breast cancer awareness month on the 27th of October 2022 at the SLMA auditorium from 11 am to 12.30 pm. There were three speakers who spoke on three topics. Dr. Suraj Perera Consultant Community Physician from the cancer control programme, Ministry of Health who spoke on the "Burden of breast cancer and services available for early detection of breast cancer in the community". Dr. Udari Liyanage Consultant Radiologist spoke on "Breast cancer

screening: Evidence, guidelines and practices". Dr. Kanchana Wijesinghe Consultant surgeon spoke on "evolving trends of breast cancer management". The seminar was sponsored by Zonta club 2 of Colombo and they provided refreshments for the participants.

5. There were nine new members who joined the WHC.

Dr. K. Y. P. K. Weerasekera	Dr. A. M. D. K. Attanayake	Dr. R. S. Savanadasa
Prof. D. M. P. U. K. Ralapanawa	Professor Sanjeewa Padumadasa	Dr. U. A. Liyanage
Dr. G. C. S. Gunasekera	Dr. K. Y. P. K. Weerasekera	Dr. Kanchana Wijesinghe

CLIMATIC EFFECTS AND HEALTH SECURITY

Chairperson: Dr. Surantha Perera
Secretary: Dr. Sajith Edirisinghe

Members

Prof. Samath D. Dharmaratne	Dr. Asela Gunawardena	Dr. Vinya Ariyaratne
Dr. Anil Jasinghe	Prof. Ishan De Soyza	Mr. Ranil Vitharana
Prof. Athula Sumathipala	Dr. Palitha Abeykoon	Prof. Saroj Jayasinghe

We had our Inaugural meeting to set up the TOR and operational procedure on 14th December 2022.

The main areas we would prefer to identify are planetary health and the Sri Lankan perspective, key climatic effects issues, and how we will establish health security.

We decided to include representatives from the Ministry of Health, Ministry of Environment, Ministry of Education, Climate Change Secretariat, World Health Organization (**WHO**), Central Environmental Authority, National Aquatic Resources Research and Development Agency (**NARA**), Ocean University, Marine Environmental Protection Authority (**MEPA**), **MAS** Holdings, Environmental Science University of Moratuwa.

The next meeting will be held in January 2023 with the participation of all the stakeholders.

17. CENTRAL CPD (CONTINUING PROFESSIONAL DEVELOPMENT)

Chairperson Prof. Indika Karunathilake
Convenor Dr. Rizka Ihsan

Members

Dr. Wasana Jayarathne	Dr. Murali Vallipurathan	Dr. Sudath Samaraweera
Dr. Umanga Sooriyarachchi	Dr. Sajith Edirisinghe	Prof. Kosala Marambe
Dr. Hemantha Herath	Dr. Sunil Senavirathne Epa	

This report was compiled by Dr. Rizka Ihsan

1. Appointing a convenor for the National CPD committee
On the resignation of the Secretary, Dr. Wasana Jayarathne, Dr. Rizka Ihsan was appointed as the convenor.
2. Collaboration with the Ministry of Health (MoH), Sri Lanka, and the World Health Organization (WHO) regional office
Meetings with the MoH were held to identify key points in the design and development of the electronic platform and the implementation of the pilot project. Further, the committee provided expertise on several CPD activities conducted by the MoH. The committee liaised with the WHO on designing CPD activities for healthcare professionals.
3. Establishing the electronic platform
A consensus was reached that an electronic platform would be ideal as the focal point for NCPD training together with the customized E-portfolio. The committee is developing an interactive electronic platform to suit the CPD needs in the Sri Lankan context which will be ready for implementation shortly.
4. Career guidance for colleges
The committee has provided guidance on the award of CPD points for college activities and verification of several colleges and regional professional bodies as CPD points awarding entities on their request.
5. Pilot CPD project
The pilot project in collaboration with the MoH, Sri Lanka, is scheduled to commence early next year.

18. MONTHLY NEWSLETTER

Joint Editors: Prof. Kumara Mendis & Dr Sumithra Tissera

Editorial Committee:

Dr BJC Perera

Prof. A. Pathmeswaran

Prof. Hasini Banneheke

Dr Sarath Gamini De Silva

Prof. Shamila de Silva

Prof. Clifford Perera

Dr Kalyani Guruge

Prof. Senani Williams

Prof. Chamila Mettananda

The SLMA Newsletter continued with the same high standard of publishing quality featuring articles by eminent medical professionals specialising in different subspecialties.

The Newsletter reported all activities done by the SLMA, including different lectures, updates, and meetings each month. (You can mention all activities that NL reports here)

A novel feature that was introduced this year was the inclusion of articles by doctors who excelled not only in medicine but also in other areas – entrepreneurship, politics, diving and history.

Each month 500 copies of the Newsletter were printed containing 32 pages and 4 – 5 advertisements. The e-copy was uploaded to the SLMA website and shared through our Facebook page. The printed copies were distributed to the Ministry of Health and other relevant Ministries, Faculties of Medicine, SLMA members who opted for a printed copy, Professional Colleges, etc.

The page setting and graphics were done by Mr Shashika Gunathilake, and printing and publishing by Kandy Offset Printers (Pvt) Ltd. They did an excellent job and delivered the Newsletter on-time before the Council meeting from January to December.

We would like to extend our sincere thanks to all the authors, contributors, advertisers and our well-wishers.

19. SOCIAL ACTIVITIES

Joint Social Secretaries: Dr. Christo Fernando and Dr. Pramilla Senanayake

Members of the Concert Committee / Dance Committee

Prof. Samath. D. Dharmaratne
Dr Vinya Ariyaratne
Dr Nilanka Wickramasinghe
Dr. Kaushi Attanayakage

Dr. Surantha Perera
Dr Sumithra Tissera
Dr Preethi Wijegoonewardene
Dr E. A. Sajith T Edirisinghe

Prof. Ishan De Zoysa
Dr Kalyani Guruge
Prof. Anuja Abayadeera

Doctors Concert 2022

The SLMA Doctor's Concert 2022 was held at the Jasmine Hall, BMICH on October 1st 2022. There were 25 performances that included two Dance performances, a Bharata Natyam performance, a Tamil classical song and many other excellent performances.

Having organised the concert for seven years, this was also Dr. Christo Fernando's final appearance as Social Secretary and Concert Organizer. Having organized the Concert together with Co Social Secretary Dr. Pramilla Senanayake, Dr. Christo Fernando stepped down as Social Secretary after a period of Seven years.

Dr. BJC Perera sang the Frank Sinatra classic 'My Way' as a tribute to Dr. Christo Fernando. Dr. Pramilla Senanayake presented a beautiful Memento on behalf of Sri Lanka Medical Association to Dr. Christo Fernando appreciating the services and contribution made by him.

The Concert ended successfully with the entire Audience enjoying it to their Heart's content.

Medical Dance 2022

The SLMA Medical Dance was held on 16th December 2022 at the Oak Room, Hotel Cinnamon Grand, Colombo after a lapse of two years due to the COVID -19 situation in the country.

The SLMA dance was a tremendous success this year, meticulously organized to perfection by our two social secretaries Dr. Pramilla Senanayake and Dr. Christo Fernando. They were ably assisted by the President Professor Samath D Dharmaratne, Vice President Dr Surantha Perera, Honorary Secretary Professor Ishan de Zoysa, Honorary Treasurer Professor Hasini Banneheke, Drs Sajith Edirisinghe, Sumithra Tissera, Kalyani Guruge and the SLMA Staff.

The Medical Dance was a time for fellowship, relaxation, celebration after a year of hard work and was thoroughly enjoyed by those who participated at this event. This was the curtain raiser to the SLMA activities for 2022.

It also coincides with end of tenure of one team and the beginning of work for the next team.

20. THE SLMA CRICKET TEAM

The events for the Sri Lanka Medical Association Cricket for the year 2022 began in May with practices involving doctors from all over the island attending as per their convenience and duty schedules. This included more than 30 doctors from all over the island playing for the team in various posts alternatively.

The team was led under the guidance of Dr. P. S. M. B. Senevirathne who is the 5th year player taking the role of captaincy for this year. The names of the other players of the team who played PCL, with their posts is attached below.

Practice matches for this year consisted of more than 10 matches both in T20 and 50 overs format. The matches were held in the turf matches, involving international stadiums.

The targets for this year at the beginning were as follows:

1. Professional cricket League (PCL) 8th session
2. Law-Medical encounter 14th session

3. Match with the Architect team 8th session

For the practices, the following locations were selected and allocated

1. Indoor nets - Fingara indoor nets, SS Maharagama indoor nets, Ca indoor nets ect.
2. Colts cricket club ground/ LDA grounds/ Sapphire army grounds

The first round of the PCL included total of 5 matches out of which we emerged victorious in 4 of them, losing only against the engineers' team. But following the unfortunate defeat against the engineers' team at the semifinals, we couldn't qualify for finals this time.

However, we were able to secure the third place with a record of highest T20 run score of 236 in the history of the PCL. Upto date, we have won the champions trophy three times at PCL and were the runner-up of the previous year. This year, we were able to bag the title of Man of the series won by Dr Rajiv Nirmalasingham, as well as the best bowler of the tournament won by Dr Rusiru Jayathilake

The upcoming event for this year will be the most important event which is the Law Medical Encounter scheduled for the 18th of December in which we are hopeful to emerge as champions.

Unfortunately, we couldn't organise the match with the architect's team due to unavoidable reasons, which will be rescheduled to the month of January in the upcoming year 2023.

We would like to extend our sincere and heartfelt gratitude to the SLMA President Prof. Samath D. Dharmaratne, vice president Dr Surantha Perera and the secretary Prof. Ishan De Zoysa as well as the other SLMA officials for their continuous and earnest support given to make the events of the year 2022 a success. We are highly indebted and grateful for their contribution in every format. Special thanks go to Prof. Indika Karunathilake for being a support to the cricket team since the very beginning.

The name list of the team members who played PCL, with details and well as some of photographs of the events are attached herewith.

Name list of players who played PCL

1. Dr PSMB Senevirathne/MO /Colombo East Base Hospital
2. Dr G Rajiv Nirmalasingham/ Consultant Surgeon/ DGH Vavniya
3. Dr Thilina Samarasinghe/ Acting Consultant Urologist/ TH Peradeniya
4. Dr TD Kalinga / MO / Apeksha Hospital
5. Dr U Abeywickrama/ Acting Consultant Orthopaedic Surgeon/ DGH Nuwaraeliya
6. Dr DS Paranamana / MO / BH Elpitiya
7. Dr MMTR Ananda / SR Paediatrics Intensive Care/ LRH
8. Dr Isuru Ahesh / Registrar Medicine/ CNTH
9. Dr.DK Amarasingha/ MO / DGH Mullathiv
10. Dr. Rusuru Jayathilake/ MO Sports & Exercise Medicine/TH Kaluthara
11. Dr T Gawribhawan / Consultant Urologist/ TH Jaffna
12. Dr K Karunarathna/ Registrar in Surgery/ Apeksha Hospital
13. Dr L Adikari/ Mo / TH Anuradhapura
14. Dr H Amarasingha/ SR Emergency Medicine/ NHSL
15. Dr N Bimsara / MO / TH Kaluthara
16. Dr G Attanagoda/ MO / Csth
17. Dr Isuru Gunarathna / MO / Army Hospitals

Following are the extracts of the meeting we had with the Captain and the Vice-captain of the SLMA Cricket team on 21st December 2022.

Doctors' Cricket Club of SLMA is already registered under Sri Lanka Cricket since 2008.

The cricket team of the Doctors' Cricket Club of SLMA participates in major cricket tournaments and leagues organized by the Organization of Professional Associations (OPA) and other Cricket Associations in Sri Lanka. Annual cricket encounters with lawyers, and architects are a few such events to mention.

When analyzing the recent performances of the Doctor's Cricket team of SLMA, restructuring its operational activities need closer attention. As the initial step, we would like to suggest the following to improve performance and resilience.

- Appoint a Sports Committee in SLMA to provide managerial, technical, and financial support to both men's and women's cricket teams.
- Since there are Doctors' cricket teams in each province, we may organize a provincial cricket tournament with the help of the Ministry of Health, especially the NCD Unit. It will help continuously recruit talented players to the Doctors Cricket Team of SLMA. This will pave the way for a clear entry pathway for new players who are talented and enthusiastic about playing. A scoring system needs to be introduced to rank players to facilitate this.
- To streamline the events formulating a calendar year for cricket should be done in which matches will be played in the year's second half.
- We feel that it is vital for the players to have a suitable environment to play in practice matches to improve performance. One possible suggestion is to provide temporary attachments or transfers to hospitals in Colombo or nearby, adhering to rules and regulations of Ministry of Health.
- Members of our sportsmen will play a pivotal role in promoting healthy lifestyle activities to bring down the incidence of non-communicable diseases in Sri Lanka.

21. NEW MEMBERS

The number of new members for the year 2022 (including the names presented to the Council on 1st December 2022) is as follows.

Life	57
Ordinary	22
Student	104

The list of members enrolled during the year 2022 is given in **Annexure 5**.

22. TREASURER'S REPORT

By Honorary Treasurer Prof. Hasini Banneheke

The Sri Lanka Medical Association Treasurer's report for 2021/2022 is shown below.

The recurrent expenditure of the SLMA for 2022 was for the salaries, overtime, allowance, EPF, ETF, and bonus payments of employees. The total cost for the year 2022 was Rs.6,874,718.00.

The total expenses for the refurbishment of the premises (Nov and Dec of 2021) and the routine repairs, and maintenance for the last 12 months were Rs.1,030,566.04.

The total income and expenses and net profit/loss from the 136th Anniversary International Medical Congress and Foundation session 2022 are as below.

Activity	Income	Expenses	Profit
Annual Congress-2022	Rs. 19,064,598.69	Rs. 14,432,013.57	Rs 4,632,585.12
Foundation Sessions-2022	Rs. 455,000.00	Rs. 784,195.00	(Rs. 329,195.00)

Bank Balances

The total sum of fixed deposits and short-term deposits by the end of the financial year 2022 is Rs.43,085,985/=. The interest earnings from the fixed deposits during the year amounted to Rs 2,303,122/=.

Cash and bank balances in total as of 31/10/2022 remain at Rs. 20,016,427.51 (including current account balance Rs.16,932,340/= and SLMA Relief fund Rs. 3,235,047/=).

All breakdown income and expenditures are given in the detailed treasurer's report.

I wish to acknowledge with gratitude the guidance of Prof. Samath Dharmaratne and the assistance of Prof. Ishan De Zoysa, the President and Secretary of SLMA respectively, in performing my duties as the Honorary Treasurer for the year 2022. I also thank the Assistant Treasurer Dr. Sajith Edirisinghe for his support. A special note of appreciation is extended to the SLMA Accounts Executive Miss Jayarani Tennekoon who meticulously looked after the accounts and prepared all the financial statements including this report throughout the year 2022.

23. AUDITORS' REPORT 2021/2022

Report of the auditors is given in the **Annexure 6**.

24. TSUNAMI DISASTER RELIEF PROJECT/ EASTER SUNDAY BOMB BLAST RELIEF PROJECT- BATTICOLOA

Report Presented by Dr. Anula Wijesundere

Coordinator of the CMAAO / SLMA Scholarship Fund/ EASTER SUNDAY BOMB BLAST RELIEF PROJECT BATTICOLOA

The CMAAO / SLMA Joint Scholarship, administered by the Tsunami Disaster Fund is the main social responsibility project of the SLMA.

The scholarship was launched in December 2006 for children who lost one or both parents in the Tsunami Disaster of December 2004, by investing the generous donation of US \$ 50,000/- by the Confederation of Medical Associations of Asia and Oceania (CMAAO) and is being continued successfully. As recipients of the scholarships have now completed schooling, these scholarships ended in September 2022.

We have provided educational grants to 7 school children who lost one or both parents as a result of the Easter Sunday bombing at the Zion Church in Batticaloa, in April 2019. The responsibility of selecting the recipients and launching of these educational grants was handed to President SLMA 2019 Dr. Anula Wijesundere by Dr. Suriyakanthie Amarasekera who was in charge of the project since its inception in 2006.

All these payments have been made using the monthly interest accumulated from the original deposit, leaving the capital intact. It is a privilege and pleasure to be able to extend a helping hand to these young ones who have faced so much tragedy in their lives.

25. SLMA MOBTEL DOC CALL 247

Chairperson: Dr Ruvaiz Haniffa
Convener: Dr Sajith Edirisinghe

Prof Indika Karunathilake
Dr Sarath Gamini De Sliva
Dr Shashika Sandaruwani
Dr Padma Gunaratne

Dr Kalyani Guruge
Prof Jennifer Perera
Prof Samath D. Dharmarathne
Dr Sumithara thissera

Dr BJC Perera
Dr Sankha Randenikumara
Prof Ishan de Zoysa

The Committee organised "The Anniversary Celebrations of the SLMA-Mobitel DocCall 247 National Level Digital Health Management System" on 15th August 2022 at Professor NDW Lionel Memorial Auditorium, SLMA.

Following doctors, stakeholders and medical students were awarded with a certificate of appreciation for the unconditional commitment and dedication expressed during the hour of the need. These doctors and medical students were selected based on the answering 500 or more incoming calls came through the Doc call 247 network. The representative teams from SLT Mobitel, 1990 Suwasariya Ambulance service and Sarwodaya were also given the due respect and appreciation for their commitment.

The awardees are,

Doctors

1. Dr Kalyani Guruge
2. Prof Indika Karunathilake
3. Dr Shanika Vitharana
4. Dr Thanuja Herath
5. Dr Asela T Munasinghe
6. Dr P.S.K. Rajapakshe
7. Dr Ruvaiz Haniffa
8. Dr Sajith Edirisinghe
9. Dr BJC Perera
10. Dr Sarath Gamini de Sliva
11. Prof Jennifer Perera
12. Dr Sankha Randenikumara
13. Dr Shashika Sandaruwani
14. Prof S D Dharmarathne
15. Prof Ishan De Zoysa
16. Dr Padma Gunaratne
17. Dr Sumithara Tissera
18. Dr Ananda Wijewickrama
19. Major General Sanjiwa Munasinghe
20. Brig. Saveen Semage
21. Prof Saroj Jayasinghe
22. Prof Neelika Malavige
23. Prof M.C Weerasinghe
24. Prof Antonette Perera
25. Prof Athula Kaluarachchi
26. Dr. Samitha Ginige
27. Dr MK Ragunathan
28. Dr Saman Yasawardhana
29. Dr Shirani Chandrasiri
30. Dr Anver Hamdani
31. Dr Asha Samaranayake
32. Dr Chamila Gunarathne
33. Dr Chamari Mudalige
34. Dr Damayanthi Pieris
35. Dr Duminda Munidasa
36. Dr Kamal Jayasuriya
37. Dr Nipunika Senadeera
38. Dr R. Batuwanthudawa
39. Dr J B Jayawardena
40. Dr Daphney De Soyza

Mobitel

41. Sudharshana Geeganage
42. Madura Hewage
43. Isuru Senadeera
44. Upeksha Kathiriarachchi
45. Dhamitu Kirtisinghe
46. Thiranga Nonis
47. Shashika Weeratunga
48. Harsha Weerasena
49. Izzath Dilshana

1990 Suwasariya

50. Mr Sohan de Silva
51. Dr Srilal de Silva
52. Mr Dumindra Ratnayaka

Sarwodaya

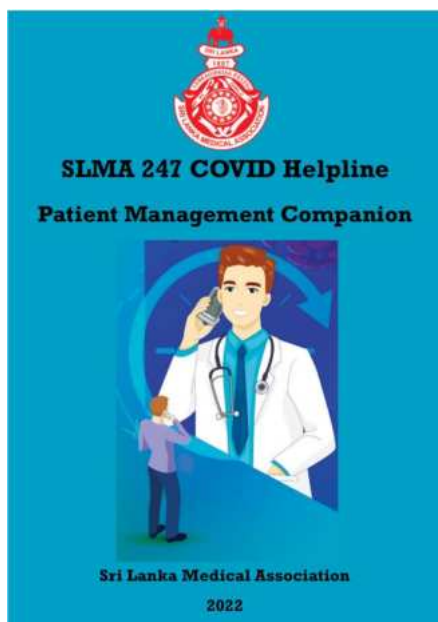

53. Dr. Vinya S. Ariyaratne

Students

54. Dasith De Silva
55. Sasika Nipun Samarakkodi
56. Ayodya Yasasvi
57. Prasadini Ravihari
58. Vidusha Adithya
59. Heshan Kavinda
60. N.W.S.N. Nawarathna
61. Ashini Siriwardana
62. Thisuri Wijeweera
63. B.R.S.S.W. Bandara
64. Risafa Jawahir
65. Hashini Jayakody
66. Kushni Dilumka
67. N.T. Jayalath
68. Thalatha Ratnayaka
69. Hirushi Mahagamage
70. Lakini Gunawardana
71. Melani Chandrasekara
72. Insha Ibrahim
73. Kavindya Dayawansha
74. Dulanja Senanayake

In addition to that in order to keep the medical community updated on the latest developments the committee organised a webinar titled Updates on COVID 19 on 28th January and 10th August 2022.

As documentation of the experienced gained from the Doc Call 247 call service the pactes were summarised and published as book titled, **SLMA 247 COVID Helpline - Patient Management Companion - A brief Compendium on Patient Management** as a publication of Sri Lanka Medical Association 2022 (ISBN 978-624-5972-06-7). The electronic copy of the book can be downloaded by visiting to <https://slma.lk/wp-content/uploads/2022/02/SLMA-247-Companion-1-1.pdf> . The Joint Editors-in-Chief were Prof. Indika Karunathilake – Past President, Sri Lanka Medical Association and Secretary General, Asia Pacific Academic Consortium for Public Health (APACPH) and Dr. B.J.C. Perera – Specialist Consultant Paediatrician, Medical Editor and Past President, Sri Lanka Medical Association.

The committee also managed to publish several journal papers from the experienced gained.

An Innovative Telemedicine Initiative From Sri Lanka: The Value of Volunteerism in a Resource-Constrained Scenario During the COVID-19 Pandemic (DOI: 10.1177/10105395221090348)

Training Medical Students as COVID-19 first contact responders: Integrating Telemedicine and Medical Education during a Health System Crisis in Sri Lanka (DOI: <http://doi.org/10.4038/seajme.v15i2.378>)

26. BEGINNING OF PROFESSOR SAMATH D. DHARMARATNE'S PRESIDENCY

A religious function was held at 'Wijerama House' to invoke blessings on Dr & Mrs.EM Wijerama and all Past Presidents who are no more, by the President and Council 2021/22, staff at SLMA office and other colleges/associations located at SLMA premises on 3rd January 2022 at SLMA premises.

The events unfolded with pirith chanting by Buddhist priests from Thilakarathnaramaya, Borella. This was followed by religious rituals performed by Rev. Freely Muthukudaarachhi from Archbishop Palace, Borella, Moulavi Abdul Sathas from Islamic Centre and Poosari Aiyar from Colombo.

28. SLMA RELIEF FUND

The SLMA relief fund was initiated in August 2022 to help the health sector to overcome the shortage of essential medicines and equipment. A US Dollar account was opened at HNB after obtaining permission from the Central Bank, to receive foreign currency from overseas donors. A Sri Lankan Rupee account was also opened.

A total of Rs. 10,579,716.97, USD amount 842.61 was collected and Rs. 7,193,590.42 was spent to date. Donations of Medicine & Medical Equipment was given to Lady Ridgeway Hospital, Institute of Cardiology (NHSL), NHSL and Base Hospital Mulleriyawa.

28. INTERCOLLEGIATE COMMITTEE

Chairperson : Prof. Samath Dharamaratne
Secretary and Convenor: Dr. Surantha Perera

Forty-two Professional Colleges are members of this committee, and more than 20 meetings were attended physically during the year (other than through zoom).

Many meetings were attended by the Minister of Health, the Secretary of Health, the Director General of Health Services (DGHS), DDGHS MSD, DDGHS Lab Services, the Director coordinating Medical Donations, and top officials from the Ministry of Health.

We developed an initial plan to manage the current crisis due to the economic meltdown and took steps to initiate activities.

Crisis Management Plan

1. Hazards

a. Ministry level

- prevention, mitigation, preparedness
- declare crisis preparedness for a defined period
- appoint a coordinating person, DDGHS, to coordinate activities at the national level
- raise public awareness about the current crises through media
- empower people to make decisions
- educate health care workers top to bottom and bottom to top
- enact guidelines from colleges specifying minimum standards in patient care, develop a legal draft to protect medical officers in such situations, define a timeline, and enact these laws for a limited period only, may send as a circular
- increase productivity and efficiency, proper utilization of workforce, managing OT hours efficiently

b. Hospital level

- assess, document, and disseminate available stocks 24/7
- need a focal point at the hospital level similar to MOH
- need 24/7 stock assessment at the subspecialty level
- efficient management of human resources -doctors, nurses, and minor staff

2. Vulnerability

a. Emergency care

- under all specialties

b. Other

- collate documents we received from colleges

3. Capacity

a. Stocks in hand

b. Purchasable stocks in the country

c. Urgent shipments

d. Credit lines

- purchasing short-expiry drugs free or for low cost within SL and outside SL
- efficient distribution of short expiry, declaring stocks regularly, audits periodically
- national announcement
- focal points available
- handling donations
- NDQL facilities to assess drugs, devices
- public health network

4. Expectation

- the expectation of the public and professionals
- requirements
- essential SR numbers
- table/ scoring systems- always not necessary to give a numerical value
- parliamentary act to suspend specific provisions which hinder the management of the current crisis

Currently, we are in the process of developing a strategic plan to mitigate current issues in the curative sector in the Ministry of Health, and the final draft will be presented in January 2023.

We are coordinating donations at the national and provincial levels to distribute them to specific hospitals. These donations come from different donors, including Medical Help Sri Lanka Global Project, SLMA Relief Fund, and other well-wishers from the USA, UK, and Australia.

Annexure 1: Programme of the 135th Anniversary International Virtual Medical Congress

Saturday 3rd September 2022

Pre-congress Workshop 1: “Emergency and Critical Care”

Registration

Approach to critically ill patient

Dr Indika Lanerolle, Consultant Emergency Physician, NHSL

Identification of deteriorating patient

Dr Waruni Samaranayaka, Consultant Intensivist, Csth

Case scenario Panel discussion - Sepsis

Moderator - Dr Lilanthi Subasinghe, Consultant Intensivist, University Hospital, KDU

Panel - Dr Dilshan Priyankara, Consultant Intensivist, NHSL

Dr Nuwan Warnakula, Consultant Emergency Physician, CNTH

Tea

Case scenario Panel discussion - Multiple trauma

Moderator - Dr Dilan Epasinghe, Consultant Emergency Physician, Csth

Panel - Dr Anushka Mudalige, Consultant Intensivist, CNTH

Dr Bandara Ekanayaka, Consultant Emergency Physician, NHSL

Quiz

Dr Rasanee Wanigasooriya, Consultant Intensivist, Csth

Sunday 4th September 2022

Pre-congress Workshop 2: “Acute Emergencies in Child Healthcare”

Registration

Anaphylaxis

Dr Deshan Adhihetty, Paediatric Intensivist

Status Epilepticus

Dr Piyara Rathnayake, Paediatric Neurologist

Acute Asthma

Dr Channa De Silva, Paediatric Pulmonologist

Acute poisoning

Dr Udaya De Silva, General Paediatrician

Tea

Shock

Dr Nalin Kithulwatte, Paediatric Intensivist

Upper Airway Obstruction

Dr Mihiri Rupasinghe, ENT Surgeon

DKA

Dr Navoda Atapattu, Paediatric Endocrinologist

Dengue Haemorrhagic Fever

Dr Kosala Karunaratne, General Paediatrician

Friday 9th September 2022

Pre-congress Workshop 3: “Updates in Clinical Immunology”

Registration

Opening Remarks

Prof. Samath D. Dahrmaratne, President, SLMA

Prof. Suranjith L. Seneviratne, President, UK-SLIF

Liver involvement in Dengue and other infectious disorders

Prof. Anuradha Dassanayake & Ms Jayani Kariyawasam

Advances in Clinical Immunology and Immunogenetics – 2021/2022

Prof. Suranjith L. Seneviratne

Use of Biologics in Rheumatological Disorders

Dr Lalith Wijeyaratne

Tea

Covid-19: what has been learnt so far

Prof. Suranjith L. Seneviratne

Dengue /Covid-19 and the Surgical patient
Prof. Ishan De Zoysa & Dr Umesh Jayarjah
Advances in Food Allergy, Anaphylaxis and Asthma – 2021/2022

Musical interlude
Procession leaves the hall
Refreshments

Thursday 29th September 2022

PARALLEL SESSIONS DAY 1 Hall A
7.30 am Registration

8.30 am **Symposium 1: Recent advances in Cardiology**

Heart failure- From guidelines to clinical practice
Dr Naomali Lalini Amarasekera
Consultant Cardiologist, Sri Jayewardenepura General Hospital, Colombo
Contemporary management of dyslipidaemia in risk reduction of cardiovascular mortality
Dr M R Mubarak
Consultant Cardiologist at Lanka Hospital
Disappearing palpitations
Dr Suresh Kottegoda
Consultant Cardiologist and Cardiac Electrophysiologist, Sri Jayewardenepura General Hospital, Sri Lanka.

10.00 am Keynote Address
Global security through one health approach
Dr Shiyong Wang
Senior Health Specialist at The World Bank

10.45 am Morning Tea

11.15 pm Symposium 3: Reproductive Health Issues in Adolescents

Adolescent menstrual disorders
 Dr A K Probhodana Ranaweera
 Consultant Obstetrician and Gynecologist, De Soysa Maternity Hospital for Women and National Hospital of Sri Lanka
 Dysmenorrhoea and Endometriosis
 Dr Chandana Jayasundara
 Consultant Obstetrician and Gynecologist, De Soysa Maternity Hospital for Women and National Hospital of Sri Lanka
 Management of teenage pregnancy
 Dr Mohamed Rishard
 Consultant Obstetrician and Gynecologist, De Soysa Maternity Hospital for Women and National Hospital of Sri Lanka

12.45 pm Plenary 1

Prevention & Reversal of Type 2 Diabetes – A Paradigm shift in facing the pandemic
 Professor Prasad Katulanda
 Consultant Endocrinologist, Senior Lecturer, Department of Clinical Medicine, Faculty of Medicine, University of Colombo, Sri Lanka

1.15 pm Lunch

2.15 pm Free Paper Session 1

3.15 pm Symposium 5: Current National Crisis: The Public health impact

Activism in the health sector: A youth perspective
 Dr Sanduni Sudarshana Perera
 Medical Officer at Apeksha Hospital Maharagama
 Clinicians' role in current crisis in health care
 Dr Ananda Wijewickrama
 Consultant Physician at the National Institute of Infectious Diseases
 A Systems Approach to a National Crisis
 Prof Saroj Jayasinghe
 Emeritus Professor of Medicine, University of Colombo

4.45 pm Tea

5.15 pm **Dr S C Paul Memorial Oration**

Using high throughput sequencing technologies to study genetic causes of ultra-rare neurological diseases
 Dr W L Dulika S Sumathipala
 MBBS (Colombo), MSc (Clinical Genetics), Ph.D. (Norway)
 Clinical Geneticist, Human Genetics Unit, Faculty of Medicine, University of Colombo

PARALLEL SESSIONS DAY 1 Hall B

8.30 am Symposium 2: Current concepts in Endocrinology

Recent advances in diabetes
 Dr Uditha Bulugahapitiya
 Consultant Endocrinologist at Diabetes and Endocrinology Unit of the National Hospital of Sri Lanka
 Thyroid nodules: The basics in evaluation and management
 Dr Dimuthu T Muthukuda
 Consultant Endocrinologist, Sri Jayewardenepura General Hospital
 Endocrine related hypertension in clinical practice
 Dr Chandrika Subasinghe
 Consultant Endocrinologist at District General hospital, Chilaw

10.45 am Morning Tea

11.15 pm Symposium 4: Nutrition and Food Security

The economic meltdown and the double burden of malnutrition
 Dr Angela De Silva
 Regional Adviser, Nutrition and Health for Development, Department of Health, Population and Noncommunicable Diseases, WHO Regional Office for South East Asia
 Food security within current scenario
 Mr Andrea Berardo

 Multisectoral approach in managing malnutrition
 Dr Renuka Jayatissa

Head of the Department of Nutrition, Medical Research Institute, Ministry of Health
 1.15 pm Lunch
 2.15 pm Free Paper Session 2

 3.15 pm Symposium 6: Curiosities in Lifestyle Medicine
 Brain priming – Do this. Not that
 Dr Thusha Nawasiwatte
 Consultant Neurologist at DGH Chilaw
 Designing lives and systems for wellness
 Dr Noel Somasundaram
 Consultant Endocrinologist, Diabetes and Hormone Centre, Colombo, Sri Lanka
 Life style Medicine – the new specialty
 Dr Nilwala Umayangani Jayasinghe
 Specialist Consultant in Internal Medicine
 4.45 pm Tea

Friday 30th September 2022

PARALLEL SESSIONS DAY 2 Hall A

7.30 am Registration
 8.30 am Plenary 2
 Insights into the Spectrum of Genetic Disorders in the Sri Lankan
 Population from four Decades of Research in Sri Lanka
 Professor Vajira H W Dissanayake
 Chair & Senior Professor of Anatomy, Department of Anatomy, Faculty of Medicine,
 University of Colombo, Sri Lanka

 9.00 am Symposium 7: Burden, Management and policy on Vulnerable Neonates
 The fate of premature babies in Sri Lanka-2022
 Dr Saman Kumara
 Consultant Neonatologist at Castle Street Teaching Hospital
 Challenges in managing the premature
 Dr Surantha Perera
 Consultant Neonatologist at Castle Street Teaching Hospital
 Policy reforms to optimize the survival of preterms
 Dr Susie Perera
 Deputy Director General Public Health Services II in the Ministry of Health, Sri Lanka
 10.30 am Morning Tea
 11.00 am Plenary 3
 Challenges ahead with Post Covid-19 Neurological Syndrome and longterm
 complications
 Prof Tissa Wijeratne
 Director and Chair, Department of Neurology and Stroke Services at Western Health,
 St Albans, Victoria, Australia
 11.30 pm Free Paper Session 3
 12.30 pm Lunch
 1.30 pm Plenary 4
 Lessons learnt from the pandemic for strengthening Primary Health Care
 Dr Alaka Singh
 Country Representative, World Health Organization
 2.00 pm Symposium 10: Solid Organ transplantation
 Kidney transplantation - Challenges and Experiences
 Dr Joel Arudchelvam
 Consultant Vascular and Transplant Surgeon, Senior Lecturer in Surgery, Surgery
 Department, Faculty of Medicine, University of Colombo
 Deceased Donor Organ Donation in Sri Lanka; Achievements and Challenges
 Dr Ruwan Dissanayaka
 Transplant Surgeon at National Hospital of Sri Lanka
 Living donor liver transplantation – challenges and future
 Prof Rohan Siriwardana
 Professor in Gastroenterological and hepatobiliary surgery, Surgery Department,
 Faculty of Medicine, University of Kelaniya
 From open to laparoscopic donor nephrectomy: the changing landscape
 Dr Niroshan Senevirathne
 Consultant Urologist and Lead Transplant surgeon at Sri Jayawardenapura General
 Hospital, Sri Lanka

3.30 pm Plenary 5
 Precision Medicine: the present and the future
 Prof Suranjith Seneviratne
 Professor and Consultant in Clinical Immunology and Allergy, Institute of Immunity and Transplantation and Health Services Laboratories, London, United Kingdom

4.00 pm Tea

4.30 pm **Professor N D W Lionel Memorial Oration**
 Fetal Haemoglobin induction as a treatment for Thalassaemia: Evidence from bench and bedside
 Prof Sachith Mettananda
 MBBS, DCH, MD-Paed, DPhil, FRCPCH, FRCP, FRCPE
 Chair Professor and the Head of the Department of Paediatrics of University of Kelaniya, Sri Lanka

PARALLEL SESSIONS DAY 2 Hall B

9.00 am Symposium 8: Pulmonology for the practicing clinician
 Evidence-based rational use of combined inhalers in clinical practice
 Dr Dushantha Madegedara
 Consultant Respiratory Physician at The National Hospital Kandy
 A cough that does not go away
 Dr Amitha Fernando
 Consultant Respiratory Physician at National Hospital Sri Lanka
 Unexplained breathlessness
 Dr Ruwanthi Thakshila Jayasekara
 Consultant Respiratory Physician at the National Hospital of Sri Lanka, and Central Chest Clinic Colombo

10.30 am Morning Tea

11.30 pm Free Paper Session 4

12.30 pm Lunch

2.00 pm Symposium 11: Current challenges & advances in treatment in Neurology
 Recent advances in pharmacological therapy in Migraine
 Prof Tissa Wijeratne, Senior Neurologist, Professor in Neurology, Director, Academic Medicine and head of the Department of Neurology and Stroke at Western Health, Victoria, Australia
 Advances in the management of Epilepsy
 Dr Kishara Goonaratne, Senior Lecturer in Medicine and an Honorary Consultant Neurologist at the Department of Medicine and Mental Health, Faculty of Medicine, University of Moratuwa
 Parkinson's Disease
 Dr Gamini Pathirana, Consultant Neurologist at National Hospital of Sri Lanka

4.00 pm Tea

PARALLEL SESSIONS DAY 2 Hall C

9.00 am Symposium 9: Strategies in screening for common malignancies
 Screening for malignancies in Sri Lanka – Breast cancer
 Prof Sanjeewa Seneviratne, Professor, Department of Surgery, University of Colombo and Honorary Consultant Surgeon, National Hospital of Sri Lanka, Colombo
 Colon Cancer
 Dr Sumudu Kumarage, Head, Department of Surgery, Faculty of Medicine, University of Kelaniya
 Oral cavity cancer - Can the prognosis of oral cavity cancer be improved?
 Prof Manjula Attygalle, Dean, Faculty of Dental Sciences, University of Peradeniya and Chair
 Professor, Dept of Oral and Maxillofacial Surgery

10.30 am Morning Tea

11.30 am Free Paper Session 5

12.30 – 1.30 pm Lunch

2.00 pm Symposium 12: Practical approach to obesity
 Medical management of obesity
 Dr Manilka Roshan Sumanatilleke, Consultant Endocrinologist at National Hospital of Sri Lanka
 Perioperative care for bariatric surgery

Dr Asoka Gunaratne, Consultant Anaesthetist
Surgery for severe obesity and Metabolic Syndrome – The Present state
Prof Thejana Kamil Wijeratne, Professor in Surgery, Department of Surgery,
University of Sri Jayewardenepura and Consultant Surgeon at Colombo South
Teaching Hospital Kalubowila, Sri Lanka

4.00 pm Tea

Saturday 1st October 2022

PARALLEL SESSIONS DAY 3 Hall A

7.00 am Registration

8.00 am Dr S Ramachandran Memorial Oration

Cardiovascular risk prediction of Sri Lankans
Prof Chamila Mettananda
MBBS, MD Medicine, PhD in Cardiovascular epidemiology, MRCP, FRCP, FRCPE,
FACP, FCCP
Secretary of the Speciality Board in Clinical Pharmacology and Therapeutics at the
PGIM, Secretary of the Sri Lankan Association of Clinical Pharmacology and
Therapeutics and joint-Secretary of the Ceylon College of Physicians

8.45 am Panel Discussion 01: Collaborative session with UNFPA:

Funding to financing and reorienting our approach to current crisis in Sri Lanka
Governance of public private finance and role of lending agencies
Mr. Kunle Adeniyi
Representative for Sri Lanka (UNFPA) and Country Director for The Maldives
Financing Health: Creation of fiscal space and direction of intervention
Dr Indrajit Coomaraswamy
Former Governor of the Central Bank of Sri Lanka
Reorienting our approach and protecting vulnerable and marginalized population
Ms Madusha Dissanayake
Assistant Representative, UNFPA

PARALLEL SESSIONS DAY 3 Hall C

8.45 am Symposium 14: Economic crisis and its consequences on women's health

Health Financing challenges for women
Prof Amala De Silva
Senior Professor at the Department of Economics, University of Colombo
Salvaging the shattering family health during economic crisis
Dr Aruni De Silva
Senior Lecturer, Department of Family Medicine, Faculty of Medical Sciences,
University of Sri Jayewardenepura
Women's health devoured by the tides in the economy: A gynaecologist's perspective
Prof Sanjeewa Padumadasa
Professor in Obstetrics and Gynaecology in the University of Kelaniya and Specialist
in Obstetrics and Gynaecology at the North Colombo Teaching Hospital

8.45 am Symposium 13: Geriatrics: Understanding Frailty Detection of frailty

Dr Udayangani Ramadasa
Consultant Physician in General Medicine & Head, Senior Lecturer, Department of
Medicine, Faculty of Medicine, Sabaragamuwa University of Sri Lanka
Management of frailty
Dr Dilhar Samaraweera
Consultant Physician at Colombo South Teaching Hospital
Case-based discussion on clinical presentation and management of frailty
Dr Maheshi Wijayabandara
Acting Consultant Geriatrician, Geriatric and Palliative Care Unit, Colombo South
Teaching Hospital

10.15 am Morning Tea

10.30 am Panel Discussion 02: Legal and Economic implications of Road Traffic Crashes

Burden of Road Traffic Crashes
Prof Samath D Dharmaratne
President, Sri Lanka Medical Association
Legal Implications of Road Traffic Accidents

Mr Kalinga Indatissa
President's Counsel, Past President, Bar Association of Sri Lanka
Economic Impact of Road Traffic Accidents
Mr Deshal de Mel
Economic advisor to the Ministry of Finance

11.45 pm **Panel Discussion 03: Medical Tourism: A solution to foreign currency crises
Readiness of the private sector**

Dr Lakith Peiris
Managing Director at Hemas Hospitals and Laboratory Chain
An opportunity not to be missed
Dr P Nandalal Weerasinghe, Governor of the Central Bank of Sri Lanka
Is it a reality in the current economic crisis?
Ms Dhammika Wijayasinghe, Director General, Sri Lanka Tourism Development
Authority

1.15 pm Lunch

2.00 pm **Panel Discussion 04: Strategies for health sector recovery in the current socio-economic crisis in Sri Lanka**

*In collaboration with Ministry of Health, WHO, the Intercollegiate Committee and other
Stake Holders*

3.30 pm onwards Closing Ceremony Hall B

RESOURCE PERSONS

Dr Naomali Lalini Amarasena MD(Col), FRCP(Lond), FACC, FCCP, FRACP(Hon)

Prevention of Road Traffic Crashes in Sri Lanka

The increasing number of fatal road accidents in Sri Lanka at present seems to be causing a significant socio-economic catastrophe in the country.

According to the Sri Lanka Police, there were 1875 serious accidents in the country in January alone and 235 of them were fatal accidents. Three wheelers were involved in 36 fatal accidents and a least 40 people have been killed in three-wheeler accidents in the past month.

A total of 250 people were killed in road accidents in January alone. Approximately eight people a day were killed in road accidents in January.

There is a significant increase in the number of road accident deaths over the past year.

In the year 2021, there were 2414 fatal road accidents in the country. The death toll was 2,513. A total of 6401 people were seriously injured in the accidents, leaving them permanently disabled. The total number of road accidents reported in the year 2021 is 22319.

As a citizens of this country, we have a definite responsibility to prevent these unfortunate accidents. Road accidents are disasters that can be prevented by acting with discipline and responsibility.

Although there is no definitive measure of the impact to the country's economy as a result of deaths from road traffic accidents and serious injuries, including permanent disabilities, and damage to physical property in Sri Lanka the World Health Organization (WHO) estimates this loss as approximately.

According to the Central Bank Report 2020, the country's gross domestic product was 15016.142 billion rupees and 3% approximately amount to 450 billion rupees.

Although the gross manifestation of a preventable economic burden is 450 billion rupees, there is no calculation for the loss of lives and the extent of socio-economic damage to the families. According to the World Health Organization, road accidents are the leading cause of death among children and young adults aged 5-29 and 93% of road deaths occur in low- and middle-income countries, where 60% of the world's vehicles are used.

Press Statement Annexure 1: Prevention of Road Traffic Crashes in Sri Lanka

As the Sri Lanka Medical Association, we believe that there should be a broad national dialogue on this catastrophic situation in the country with regard to road accidents and that a sustainable program should be launched nationally to reduce road accidents. We hope that the media will make a wider contribution to this end for the betterment of the society.

The Sri Lanka Medical Association is also scheduled to hold a special press conference on Thursday, February 24 from 11 am to 12 noon at the Sri Lanka Medical Association Auditorium at Wijerama Mawatha on how to mobilize the society to prevent road accidents. We also respectfully request that appropriate media coverage be provided for the occasion.

Thank you.

Press Statement

Annexure 4: Re. Urgent corrective measures for the crisis affecting the Health and Wellbeing of the people of Sri Lanka

3. We pledge to regularly meet and discuss with the ministers holding health related portfolios as well as your good self and provide guidance and advice to provide the most equitable distribution of severely restricted medical supplies.

In addition, we request your kind cooperation on the following aspects.

1. We urge you to discuss with ministers holding relevant portfolios, public officials such as Secretary to Treasury, Secretary Health and Governor of the Central Bank about securing funding to fulfill the basic needs of the hospitals and the National Immunization Programme of the country. This is an urgent priority.

2. Whilst accepting the immediate crisis, we wish to know from you and relevant officials details of your plans to meet the exigencies related to health and wellbeing of the population. We request a clearly laid out road map with time frames to be provided at the earliest possible time. We can then in turn do our duty in reassuring the medical community as well as the general public that solutions to the pressing health and wellbeing issues are forthcoming.

We do accept that these are difficult times for you as well as all the citizens of the country. The need of the hour is to be truthful, compassionate and for you to use the country's intellectual resources in the form of expert advice and guidance from professionals.

We in the medical profession stand firmly committed to doing everything possible to preserve the health and wellbeing of the people of Sri Lanka in this crisis. We do believe that you share our ideals and sentiments expressed regarding the health of the nation and its people.

Please be kind enough to grant us an urgent appointment to meet your Excellency with top officials of the Ministry of Health to discuss and develop a contingency plan. We will provide our fullest support to mitigate the crisis.

We wish to thank you, in advance, for your most kind consideration of the contents of this communication.

Yours faithfully,

Sanath D. Dharmaratne

7th April 2022

His Excellency Gombaya Rajapaksa
President
Democratic Socialist Republic of Sri Lanka

Your Excellency,

Re. Urgent corrective measures for the crisis affecting the Health and Wellbeing of the people of Sri Lanka

We, the Presidents of Sri Lanka Medical Association (SLMA), Medical Professional Colleges and Associations (working in collaboration as SLMA Medical Intercollegiate Committee (SMIC)), are writing this letter with the objective of drawing your kind attention to yet another evolving crisis in Sri Lanka, directly related to the health and wellbeing of its people.

Our urgent concerns are listed below.

1. There is an acute shortage of essential medicines, reagents, equipment and consumables in government hospitals and the private healthcare sector in Sri Lanka. Already decisions have been made to curtail some services such as routine surgical operations and even limit the usage of available material to life-threatening illnesses.

This is not at all a sound policy as what is considered non-emergency situations could turn into life-threatening problems within a few hours. In addition, this is not a sustainable policy and unless urgent replenishment of supplies is made, within a matter of weeks, if not days, emergency treatment will also not be possible. This will result in a catastrophic number of deaths, which is likely to be in excess of the combined death toll of COVID, Tsunami and the Civil War.

2. Health encompasses physical, mental, social and spiritual wellbeing of people. Hence, we are greatly concerned about the shortages of food and essential paraphernalia for people to provide themselves with basic needs such as nutrition, transport and electricity. We are also concerned gravely about the need to preserve fundamental rights and guarantee basic freedoms such as right to information as these encompass important aspects of mental and social wellbeing of a population.

We have identified how we, as a group of professionals, could extend our help to the authorities to overcome the crisis, and list them below.

1. We accept that the current crisis has no immediate solutions and are willing to extend our expertise, guidance and advice to you at this moment.
2. We have initiated discussions with our members on preservation of the existing stocks of medicines and consumables to last for as long as possible (which may be only a very short-term solution) by prudent use. We do appreciate that even patients having non-emergency and non-urgent illnesses require optimal care and

Press Release

12 May 2022

The Sri Lanka Medical Association (SLMA) is very seriously concerned about the continuing violence and the deteriorating security situation in the country. We fear that the problems may worsen as security forces have been given permission to shoot those who engage in violence against their opponents and those who damage public or private property.

We urge the security forces to exercise maximum restraint when trying to control unruly elements or mobs, and to use only non-lethal measures. We also categorically urge the people to stop using violence against individuals or property.

The electronic and print media has a crucial role to play in this critical period. It should not glorify violence and should avoid heightening anxieties and hatred by showing an excess of violent scenes, under any circumstances. These scenes are watched by children who could be scarred for life. We respectfully request both mainstream and social media to show restraint when airing violent scenes.

We earnestly request all religious leaders and civil organizations to immediately call for peace while reiterating the urgent need to bring all the perpetrators of the recent crimes to justice.

MEDIA RELEASE FROM THE SRI LANKA MEDICAL ASSOCIATION

The Sri Lanka Medical Association (SLMA), the foremost apolitical, non-trade union, academic, healthcare organisation of all grades of doctors in the country, wishes to convey its gravest fears regarding the way our beloved Motherland is being dragged along with no clear solutions in sight to pull this country out of the abyss that it has been made to sink into.

It is obvious that apart from being prophets of doom and presenting meaningless rhetoric, the current administration of our government has no far-reaching plans, vibrant solutions nor fresh ideas to help our severely ailing country. The entire administration has miserably failed our country and its people in this hour of our most desperate need.

We have seen the tremendous and unbearable suffering of the masses with distressing problems that have become an unfortunate part of their lives. These are obvious and well known but yet, the authorities seem to be completely deaf and blind to them. It is not necessary for us at the SLMA to reiterate the dreadful misery that our people have been subjected to during the last few months. The governing regime has completely failed in its sacred duty to safeguard our people.

In such a scenario, we are forced to declare, without any hesitation whatsoever, that what is needed as a likely solution to all these ills that we are forced to suffer, is a complete change of direction for the country.

We are compelled to say enough. The only choice that we have is to fervently request the current administration to step down without any further delay at all and hand over the reins to an all-party constitutional administration. Such an administration could then at least try to salvage the country from the unmythical quagmire to which it has been dragged into by poor governance. It is a frightening impingement on the political representatives of the current government, duly elected by our own people.

What is desperately required is to implement such a course of action immediately. There is no more time to be lost in such an endeavour. It is our opinion that even now, it may be rather late in the day to take such remedial action, but it is perhaps better late than never.

We are issuing this statement to demonstrate our unshinied agreement with similar sentiments expressed by the people of our country, the intelligentsia, religious dignitaries and even the international community.

We remain, on behalf of the membership of the SLMA,

(Signature)

Press Statement
Annexure 7: Re: Taxing tobacco and alcohol products

SRI LANKA MEDICAL ASSOCIATION

Willertius H-000*, N° 6, Willemus Manuscript, Colombo 07, Sri Lanka
Collected in 1967

3. Consider both tobacco and alcohol products as the non-vital products which are, therefore, steps need to be taken in order to remove them from the list of essential products.
 - a. Discourage all the free-trade concessions provided for sale of these products.
 - b. Disallow imports of alcohol and tobacco products and products related to manufacture of such products, for example ethanol, tobacco leaf, snuff leaf, chemicals, packing material and other products that limit outflow source foreign currency from the country.
4. Remove tobacco and alcohol products that are in the basket of products that we used to track consumer price inflation to remove the effect of any increase of these products on the inflation calculations.

Public opinion polls have also repeatedly shown that such tax increases are the most popular tax increases. Currently, more than 90% of Sri Lankans do not smoke and more than 80% do not use alcohol regularly.

Both alcohol and tobacco industries will use their time-tested formula for preventing such measures - lobbying individuals and publishing flawed research claiming that increasing prices will increase tobacco smuggling and decrease production of illicit alcohol. As you are aware, such arguments are false without basis or fact and are only intended to mislead policy makers. We on the world also agree that both tobacco smuggling and production of illicit alcohol are law enforcement issues, which cannot be prevented simply by increasing prices.

Therefore, we urge you to take on this issue as a priority national requirement that will help to mitigate the current and future negative impacts of economic crisis in Sri Lanka, which will also improve the quality of life of the people of this country.

...and you're not.

Yours sincerely

Prof. Narada Wamasuriya

Re: Taxing tobacco and alcohol products

The SLMA wishes to place on record its appreciation of the current efforts to mitigate the unprecedented economic crisis in the country. As you would agree, both tobacco and alcohol cause enormous social, health and economic harms to Sri Lanka. The UNDP and WHO estimated that tobacco caused an economic loss of Rs. 214 billion in 2016, while the National Authority on Tobacco and Alcohol, WHO and the SLMA conducted a study using a very conservative methodology that estimated economic losses of alcohol to be Rs. 120 billion in 2015.

Taxation analyses undertaken by the National Authority on Tobacco and Alcohol as well as reputed research agencies such as the Institute of Policy Studies and Veritas Research have shown the affordability of cigarettes (the number of cigarettes that can be purchased using per-capita GDP) has increased steadily over many years, while the percentage of tax derived from these products by the government has waned due to non-specific and ad-hoc taxation policies.

This is contrary to recommendations of agencies such as the World Bank and WHO, that urge government to regularly increase taxes to sustainably reduce the affordability of cigarettes, which will increase government revenue and reduce consumption and thereby the harms to the population. Therefore, there is an urgent requirement to increase taxes and also an opportunity to increase government revenue.

In this respect, we wish to propose the following to improve the government income and reduce the outflow of foreign currency, in relation to tobacco and alcohol.

1. Increase taxation of tobacco products using a technically sound formula. Technical steps to increase tobacco taxation and their impact on the health of the population in this regard have been studied by the National Institutes on Tobacco and Alcohol, Institute of Policy Studies and Vicerie Research.
2. Carry out an urgent revision of current alcohol taxation policy and take steps to increase taxation in order to reduce its affordability as a means of increasing government revenue and decreasing its consumption and widespread harm.
